Katherine – these changes are to address the alcoa issues; we now have a separate qtb on this (253). Would you like us to also reflect 253 in 179 (which is what the attached draft does), or are you happy to keep them separate?

Thanks – if the latter, will need you to re-assign 179 to us

Please find attached the updated QTB15-000179 which now includes an updated text on MV Portland in the "Background" to ensure consistency. Unfortunately we are unable to update it in PDMS as it has already been sent to the DPMO's office last Friday.

You may want to forward this on to Jess.
