ADOPTION OF ECE COP TOLERANCES

INTRODUCTION

The 3rd Edition Lighting ADRs are based on ECE Regulations which include sampling plans and tolerances for the purpose of determining conformity of production.

HARMONISATION

To enhance the degree of harmonisation between the ADR and ECE Regulations from which they are derived, the ECE COP tolerances will be adopted for the following ADRs:

1/00, 6/00, 13/00, 19/00, 46/00, 47/00, 48/00, 49/00, 50/00
52/00, 53/00, 54/00 and 55/00.

EFFECTIVE DATE

Effective 1 January 1989 any COP assessments involving lighting ADRs may use ECE COP sampling criteria where conformity is demonstrated by photometric testing.
