

CIRCULAR 0-4-2

LISTING OF APPLICATION AND STANDARD SUBMISSION FORMS FOR MOTOR VEHICLES

1. INTRODUCTION

This Circular identifies the standard forms for Applications for Compliance Plate Approval of motor vehicles and Compliance Mark Approval of diesel engines together with the forms for submission of evidence of their compliance with the requirements of Australian Design Rules (ADRs).

The corresponding forms for trailers and their sub-assemblies are identified in Circular 0-1-4.

The current forms to be used with Third Edition ADRs are identified in Sections 2,3 and 4. Forms acceptable for certifying to Second Edition or previous (non-current) Third Edition ADRs (e.g. for imported used vehicles) are identified in Section 5.

Blank copies for use as masters of all forms identified in Sections 2, 4 and 5 below are available from:
