Truth has fallen in the streets!

- The spirit behind this move is against freedom
- It is critical that the truth regarding climate change is able to be told because the co-founder of the IPCC has stated that the aim of that body is “to bring down the industrialised nations” and to “transfer wealth away from us to the developing nations”.
- The facts are that all climate change has been shown, by Advisor to the European Climate Board, Professor Carl Otto Weiss, to be driven, not by the 0.04% of our atmosphere that is CO₂, but rather by natural cycles that we cannot control. See <https://www.youtube.com/watch?v=Xy2urDe79T4>
- If that scientific fact is characterised as “misinformation”, then we will be destroyed by the lie.

I Chose to be fully vaccinated against COVID

- But it has now been shown that the spike protein from the vaccines is destroying gut Bifidobacteria which are essential for immunity. See <https://twitter.com/SabinehazanMD/status/1639852682008727553/video/1>
- There has been a significant increase in heart disease in those vaccinated with mRNA vaccines against COVID. See <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC9905103/>
- If this information is labelled as “misinformation” because it conflicts with the Government’s narrative, are we killing large numbers of people?

This Bill must be stopped!

- Even though there is misinformation on the internet, we are throwing the baby out with the bath water if we set up untrained individuals who are required to arbitrate on the basis of whether such information toes the party line.
- This is highly dangerous and must not be allowed to happen!
