

Helen Harris

To whom this may concern,

My name is Helen Harris, I am a grandmother of 2 young boys and a mother of 3 sons.

I am writing to you in the hopes that this letter will make a difference in the concerns I have with the Legislation that the current Government wants to implement, on disinformation & misinformation. My concerns are that it appears that the government will decide, what they feel is perhaps a hate speech, an inaccurate comment, or a public comment, post, video or picture . That the government will give the power to **Australian Communications and Media Authority (ACMA)**.

We as Australian citizens are all slowly giving our fundamental rights of freedom to speak away. This appears to be happening in other countries. So, I am wondering if this is a GLOBAL Implementation????

We as Australian Citizens have a right to question, and demand transparency in all levels.

I do not support this legislation, I do not support anyone to have powers over my right to speak, post, or share with respect about concerns I have or, about issues that will /or perhaps affect mine, my children's, my grandchildren's or the people of this country. I do not support the totalitarian type of implementation that this bill, to me seems to allow.

Thank you

Kind Regards

Helen Harris
