It is my and every other citizen of Australia's basic, fundamental, in-alienable human right to discriminate and to associate with or not associate with, to do business with or not do business with other people of our individual choice.

If I refuse to do business with a customer who states that [REDACTED]
[REDACTED] That is my right.

. There are strong efforts to... Restrict religious freedom. Legalise abortion to birth. [REDACTED]
[REDACTED] Deny freedom of speech and expression through cancel culture.
[REDACTED]. Usurp and overturn parental rights.
Marginalise and silence Christians and other faiths beliefs. AND Even criminalise prayer!

Each religion has the right to practice its values and to discriminate and exclude those who do not share or accept their beliefs.
Those who do not are free to start their own religion or sports team or association.

Is that "Hate Speech"?

The foundational principle of Democracy is majority rule not rule by 2% of the population.

Pedaling, transmitting on television, radio or social media of false claims regarding vaccines and the well proven benefits thereof and medical quackery should be blocked and prosecuted as should greenwashing of climate and environmental comments that are false and misleading.
