**RE: 20230726-Mr G. H. Schorel-Hlavka O.W.B. to Department of Infrastructure-SUBMISSION  
Re MISINFORMATION BILL, etc**

Sir/Madam,

a major problem with committees, at least to my experiences, is that members often really do not have a clue as to the true meaning and application of the legal principles embedded in the constitution and then when they read a submission they simply fail to understand what a submission is really about because of their own preconceived views rather than to be and remain openminded. For this this submission will include test for each committee member to (silently perform) see if the committee member is having some basic understanding about what the constitution really stands for.

Firstly however, I will make it absolutely clear that no one has the legal rights to interfere with my publications/posts unless a court of competent jurisdiction issue an order to authorise this!

This applies to any computer, website, etc, in relation to my person and relevant rights!  
Hereby you (so AMCA and the AFP), have been provide with a notice that regardless of the purported provisions of the 'digital misinformation' bill'/'digital misinformation' act' that any entry upon my computer and/or other personal holding, being it internet accounts, bankholdings, etc, all are deemed unconstitutional/unlawful unless I have provided prior specific consent (not implied consent) will be deemed a violation of my constitutional, legal, human,

1 natural and common law rights. As I have set out previously to you (see also my extensive  
2 complaint to the AFP since 6 August 2021, there is a separation of powers which means that the  
3 Parliament/Government of the Day cannot give itself authorisation without any specific court  
4 order of a Court of competent jurisdiction and the court for this first must hear ‘both sides’.  
5 Any purported legislation that pretend to authorise the AFP or whomever to without court order  
6 interfere with any Australian their private rights is **NULL AND VOID**.

7  
8 Let there be no mistake, when it comes to land property a police ordinary may enter and via the  
9 shortest route to deliver a legal document, however, if a signage at the gate/entrance prohibit  
10 entry then no such entry can be legally justified without a court order of a competent court of  
11 jurisdiction. When it comes to accessing any person’s computer(s), private internet facilities  
12 prohibition applies also.

13  
14 Now let do the test, and it must be understood that you are doing the test in silence, not to make  
15 known to anyone before seeing the correct answers (shown below)!

16  
17 Within the provisions of Section 41 of the *Commonwealth of Australia Constitution Act 1900*  
18 (UK) any person who is an “adult” (as determined from time to time by Commonwealth  
19 legislation as to the age applicable) who has franchise:

20  
21 A. is lawfully required to vote in federal elections

22 or

23 B. is entitled to vote but doesn’t have to.

24  
25 Within the provisions of the *Commonwealth of Australia Constitution Act 1900* (UK) a person  
26 natural born within a State/Territory of the Commonwealth of Australia:

27  
28 A. obtains a nationality as an “Australian citizenship”

29 or

30 B. obtains a nationality of being a “Subject of the British Crown”.

31  
32 It is important you do keep the answers to yourself and below I will give the correct answers.

33  
34 I January 2021 discovered that Twitter had suspended my right to post any tweets. I filed an  
35 appeal but nothing came from this, as they didn’t respond. After Mr Elon Musk purchased  
36 Twitter I then forwarded a tweet to him and shortly thereafter I was infored that my Twitter  
37 suspension had been in error, and was reinstated. I was for about 18 months denied to use  
38 Twitter and I was obviously wondering why this eventuated.

39  
40 I in recent days happen to watch a video of the Senate Select Committee on Foreign Interference  
41 through social media where Mr Richard Windeyer, Department of Infrastructure, transport,  
42 regional development, communication and the arts was questioned. After this another man made  
43 a statement and after that a female made a statement that ACMA (as I understood it) had been in,  
44 communcation with Big Tech companies in 2020/2021 about details on platforms it objected  
45 against, etc.

46 I now realise that this might have been the real reason my Twitter account was suspended for  
47 about 18 months, this as I extensively published material challenging the validity of the  
48 purported SARS-CoV-2 alleged virus, etc.

49 Earlier this year I was informed that Facebook removed one of my articles published and I  
50 subsequently filed an appeal with Melbourne University so called “Fact checkers” which did not  
51 respond whatsoever, at least that I am aware of.

1  
2 While RMIT claims to be “independent” Fact checkers @**therealrukshan** who published his  
3 own video’s explained that certain Fact checker actually had their registration expired. Also that  
4 ‘Facebook admits the truth: ‘Fact checkers’ are really just (lefty) opinion’ (at 0:21.46 of the  
5 video). Meaning that Fact checkers are interfering with not only my constitutional, legal, human,  
6 natural and common law rights, but likewise so of others. In my view RMIT or other Fact  
7 checkers appears to have a financial incentive from Big Tech platforms such as Google,  
8 Facebook (META), etc, and as such are not at all “INDEPENDENT” as they claim.

9 RMIT actually appears to me to have an IMPLIED bias as it on its webpage shows to be a  
10 partnership with Reachout for mental health support to Aboriginal and Torres Strait Islanders  
11 people. They also refer to “**unceded** lands” as such expressing a pro Aboriginal stand.  
12

13 In recent years there have been all kinds of State/Territory mandates and thousands upon  
14 thousands of Australians have died during this period. My position has been very clear at least  
15 since I wrote on 8 April 2020 to the Victorian Ombudsman and 13 April to the Victorian Human  
16 Rights Commission that all and any State/Territory mandates were and remain to be  
17 unconstitutional and as such States/Territories had no legislative/executive/administrative  
18 powers to apply mandates. If therefore ACMA or whomever for and on behalf of the Federal  
19 Government interfered with my constitutional, legal, human, natural, common law rights to place  
20 my statements on platforms and/or communicate this in other forms to others then I view this is  
21 an offence and may constitute ACMA to have collaborated in mass murder,  
22 **TREASON/TERRORISM**, etc.  
23

24 Remember my test, I will now show the constitutional correct answers!  
25

26 Within the provisions of Section 41 of the *Commonwealth of Australia Constitution Act 1900*  
27 (UK) any person who is an “adult” (as determined from time to time by Commonwealth  
28 legislation as to the age applicable) who has franchise:  
29

30 ~~C. is lawfully required to vote in federal elections~~

31 or

32 D. is entitled to vote but doesn’t have to.  
33

34 Within the provisions of the *Commonwealth of Australia Constitution Act 1900* (UK) a person  
35 natural born within a State/Territory of the Commonwealth of Australia:  
36

37 ~~C. obtains a nationality as an “Australian citizenship”~~

38 or

39 D. obtains a nationality of being a “Subject of the British Crown”.  
40

41 If you or for that anyone else dispute this then well you may desire to pursue the matter in a  
42 court of competent jurisdiction, albeit keep in mind the *AEC v Schorel-Hlavka* 19 July 2006  
43 litigation where I represented myself defeated the Commonwealth and all 9 Attorney-Generals.

 3 There has never been any occasion when such an opportunity has not been given to every man in this

 42 this, not to a small select body of legislators, but to the whole body of the people for their acceptance or

14 Sir,

15 I understand from news report that a special AFP team has been appointed regarding online  
 16 publications relating to the COVID-19 issue. I view therefore that it is within the AFP

35 The purported legislation '**digital misinformation' bill**'/'**digital misinformation' act**' is

4 Yet not a single article, to my knowledge was interfered with by the Australian Federal Police  
5 and neither was I taken to task before any court of competent jurisdiction regarding my writings  
6 published on <https://www.scribd.com/inspectorrikati>, albeit once in 2010 a judicial officer tried  
7 to take me on, when I was representing a party, but miserably failed!  
8

9 It may be argued that ACMA itself is not actually deleting or altering any publications of any  
10 Australian as it are the Big Tech, Media and other entities doing so but that is as [REDACTED]  
11 [REDACTED] correctly pointed out having eventuated in the USA with Big Tech. Actually it is  
12 currently a court order existing prohibiting the US government to engage in such conduct. After  
13 all what the Federal Government or any Government cannot achieve directly it neither can do so  
14 indirectly!  
15

16 Again [REDACTED] in one of his video's set out how [REDACTED] admitted to  
17 have wrongly interfered with posts, etc. Reality is that with the Separation of Powers ACMA  
18 cannot engage a third party to do something it cannot do itself. This was the very kind of  
19 blackmail/coercion that was engaged in to pursue Australians to be jabbed with the "gene  
20 therapy" bioweapon purporting to be a "vaccine" even so it has since been admitted by the  
21 (USA) FDA that it is a "bioweapon" and not a vaccine.  
22

23 Placing pressure upon a rthird party such as Twitter or other Big Tech so they will then so to say  
24 do the dirty work to remove or interfere with publications/post not knowing what is or is legal in  
25 Australia is I view a deliberate conduct of **TREASON/TERRORISM**.  
26

27 Again, Australians have been severely harmed and even died, and still are dying, and many  
28 likely because they were denied to make an "informed decision" because plain idiots like those  
29 in ACMA, etc, were rather more concerned to pursue the unconstitutional "government policy"  
30 to inject all Australians with the **DEPOPULATION** bioweapon "gene treatment" then to be  
31 concerned about the **SEVERE HARM** being inflicted upon those directly/indirectly being  
32 harmed. Let us not ignore the children who lost their parents having been coerced into being  
33 jabbed and then subsequently died, leaving the children without one or more parent(s).  
34

35 And this is supposed to be the ACMA which is to be considering what is or is not harmful or  
36 might cause severe harm?  
37

38 The legal principle of the *Commonwealth of Australia Constitution Act 1900* (UK) is that We,  
39 the People, elect our representatives to act on our behalf laws and governance for "**peace, order**  
40 **and good**" governance. A **NEW WORLD ORDER** that would defy those legal principles  
41 would be akin to **TREASON** by those who are promoting and/or aiding and abetting in this  
42 regard to apply/install the **NEW WORLD ORDER**.  
43

44 Mr Brad Hazzard (then) purported NSW Minister for Health is recorded at least on 2 videos  
45 making known he is using the **NEW WORLD ORDER**. In my view, this disqualified him from  
46 being a Member of any Australian Parliament as provided for in Section 44 of the constitution to  
47 which the States within Section 106 are "**subject to this constitution**". Likewise, any other  
48 purported Member of any Australian Parliament who is aiding and abetting in this  
49 **TREASONOUS** conduct.  
50

51 While @therealrukshan (**Rukshan Fernando**) video's it is claimed that Australians have no Bill  
or Rights, Freedom of Speech, etc the truth is that they are actually embedded in the

1 *Commonwealth of Australia Constitution Act 1900* (UK). This is have extensively canvassed

Dr Monique Ryan ... @Mon4Kooyo... · 4h ...

As discussed today in Crikey, It's a real shame that there's no requirement for truth in the Yes and No pamphlets for the Voice referendum.

Still find it hard to believe that it's illegal to deceive consumers in business - but fine to deliberately deceive in politics.

A parliamentary inquiry into the 2022 federal election appears likely to recommend the government legislate truth in political advertising laws ahead of the 2025 federal election.

In its [interim report](#), the electoral matters committee pointed to broad support for what Williams described as a modest change, referencing a submission from Williams himself, along with submissions from the Labor Party, Greens, and independent MPs Dr Monique Ryan and Zali Steggall, among others. The Liberal and National parties argued against the proposed reforms.

4  
 5  
 6 When the Australian Electoral Commission charged me *AEC v Schorel-Hlavka* with **FAILING**  
 7 **TO VOTE** in the 2001 Federal election, representing myself, I filed and served upon the  
 8 Commonwealth and all 9 Attorney-Generals a **NOTICE OF CONSTITUTIONAL MATTER**  
 9 in which I disputed on constitutional grounds the validity of any compulsory voting. I also on  
 10 constitutional ground challenged the vality of the Commonwealth legislation as to Australian  
 11 Citizenship being a "nationality". On 4-12-2002 the Magistrates Court of Victoria at Heidelberg  
 12 ordered that this **NOTICE OF CONSTITUTIONAL MATTER** was to be heard and  
 13 determined by the High Court of Australia! However, the AEC nevertheless charged me again  
 14 with **FAILING TO VOTE** in the 2004 Federal election. In the end on 19 July 2006 I defeated  
 15 both charges without the Commonwealth and/or any of the 9 Attorney-Generals challenging any  
 16 of my 409 pages written submissions (**ADDRESS TO THE COURT**).  
 17

18 Now, say ACMA came across my claim that compulsory voting is unconstitutional then it may  
 19 claim this is misinformation/disinformation and people not voting might then end up with serious  
 20 harm by perhaps some one being elected that may not have been was it not for certain persons  
 21 not voting because of my writings. Reality is that ACMA is not the venue to make such decision  
 22 as it lacks the judicial powers and only can petition a Court of competent jurisdiction to hear  
 23 and determine both sides and then issue its orders. It is not for ACMA or some other  
 24 Government body to interfere with the separation of powers between the legislators, executives,  
 25 Inter-State Commission and/or judicature. I included the Section 101 Inter-State Commission  
 26 this because Section 101 stipulated "**There shall be**" and as such mandatory.  
 27

28 Even if the 'Voice' was included in the Constitution (not that I seek to imply it will) then if the  
 29 Federal Government doesn't comply with constitutional requirement to have the Inter-State

1 Commission, regardless of “**There shall be**” then why on earth would it bother about the Voice  
 2 which lacks such wording? Clearly, ACMA is not the right vehicle to determine what is or isn’t  
 3 misinformation/disinformation, as it likely lack any ability to know what is constitutionally  
 4 valid. I will further below refer to the Voice issue again!

5  
 6 Let us consider that ACMA as @therealrukshan in his video made clear, was wrong in numerous  
 7 areas during 2020 regarding the alleged COVID-19 issue, then how on earth can it then  
 8 determine what is misinformation/disinformation merely because it may not be what the  
 9 Government of the Day may desire to be deemed to be its kind of truth?

16  
 17 This is why we must have and use an “**IMPARTIAL**” administration of justice that will hear

 19 ultimately the true facts applicable. I acknowledge that the courts do get it wrong such as in *Sue*  
 20 *v Hill*, *Sykes v Cleary*, *Palmer v WA*, *KOOWARTA V. BJELKE-PETERSEN* (1982) 153 CLR

24 **QUOTE Mr. BARTON** (New South Wales).-

25 I do not think the word quarantine, for instance, which is used in the sub-section of the 52nd  
 26 clause, is intended to give the Commonwealth power to legislate with regard to any  
 27 quarantine. **That simply applies to quarantine as referring to diseases among man-kind.**

28 **END QUOTE**

29  
 30 As mandates for social distancing, jabs, lockdowns, lockouts, ring of steel, 5 km curview, QR  
 31 code, mask, etc, were all purported to be because of some alleged “infectious disease” then  
 32 relating to **QUARANTINE** it was an exclusive Commonwealth power, since 1908. Therefore  
 33 any interference by ACMA and others to collude with Big Tech, Twitter, Facebook, etc, was  
 34 unlawful because it was interfering with my, and mother Australians rights to communicate with  
 35 each other.

36  
 37 On 10 August 2020 the Victorian Police informed me that they would issue a summons for me  
 38 not wearing a mask, and for being more than 5 kilometres from my residence. They confirmed  
 39 they were video recording. Well, my response was: “**I am ready**”. In the end they never did  
 40 issue the summons as they likely became aware that I am no push over and they would be  
 41 looking at losing the case.

2  
3 HANSARD 28-1-1898 Constitution Convention Debates

4 QUOTE

5 It has been thought well that there should be a uniform law throughout Australia in respect to the  
6 citizens of Australia, and it was considered that this provision should be put into a separate clause  
7 giving exclusive powers, in order to emphasize the fact that the Federal Parliament should legislate  
8 upon this matter.

9 END QUOTE

10  
11 Therefore, all laws must apply to all citizens regardless if they are directly/indirectly employed  
12 and/or being public officials for the Commonwealth and/or State/Territory.

13  
14 The legal principle embedded in the *Commonwealth of Australia Constitution Act 1900* (UK) is  
15 that all laws must be "**UNIFORM**". This means that the application of laws restrictions usage of  
16 the internet also must be applied in a "**UNIFORM**" manner, and **cannot exclude** the  
17 Commonwealth and/or the States/Territories!

18  
19 How on earth is ACMA or for that any Big Tech company going to know what is or isn't  
20 misinformation/disinformation when they already proved to lack any proper understanding/  
21 comprehension as to the true meaning and application of the legal principles embedded in the  
22 *Commonwealth of Australia Constitution Act 1900* (UK)?

23  
24 To avoid writing thousands upon thousands of pages of submission I will below quote the  
25 relevant links to each document provided as a **COMPLAINT** to the Australian Federal Police  
26 and in particular the Supplements numbered **101A, B, C, D**, are referring to the  
27 misinformation/ disinformation issues.

28  
29 Platforms like Twitter, Facebook, etc cannot apply conditions which violates the constitutional,  
30 legal, human, natural and/or common law rights of any Australian.

31 For sure, platforms are entitled to delete, restrict, etc, any article/post which may promote  
32 paedophilia because it is contrary to Australian law to allow this to be published. As such the  
33 terms and conditions of any platform is not whatever they might desire to apply to suit some  
34 **WOKE** dictatorship demands but rather must always be in according to Australian constitutional  
35 provisions and so any valid law and no other.

36 If a Big Tech desires not wanting to allow a person to publish certain political views merely  
37 because they may be contrary to the platform holder then well good riddance of the platform as it  
38 then have to pack up and leave as it cannot violate our constitution legal principles.

39 We haver already witnessed how [REDACTED]

40 [REDACTED]  
41 [REDACTED] the Voice proposed referendum.

42  
43 I understand that the Australian Federal Government had and may still have a hotline with Big  
44 Tech companies to remove post, etc, and to censor voices of Australians and shutting down  
45 debates to promote the Yes vote and prevent the No vote to succeed. This would in my view be  
46 an unconstitutional interference with Australians "political rights" and then META be ordered to  
47 pack its bags and leave Australia as it cannot operate in defiance of our constitutional provisions  
48 and limitations.

49  
50 I understand that Mark Zuckenberg is part of the W.E.F. and seeks to pursue the One World  
51 Government but any one pursuing this within the Commonwealth of Australia would in my view  
52 commit **TREASON** and/or be a **COLLABORATOR** with those committing **TREASON** such

1 as any politician and other collaborators in Australia pursuing to overthrow our constitutional  
2 system to achieve a **New World Order** (One World Order).  
3

4 Let it be very clear that anyone claiming that the Voice is not about “**race**” is making  
5 misinformation/disinformation claims, this as Subsection 51(xxvi) including Aboriginals as a  
6 “**race**”! You cannot have that contradictory provisions are in the one constitution.

We don't need a 'voice', or a referendum to try and fiddle with the constitution. We need a Royal Commission into where the \$30 billion annually has been going.

1  
2  
3 All Federal law must be **UNIFORM** and as such one cannot have laws for some persons but not  
4 for another, unless within Subsection 51(xxvi) they are to **DISCRIMINATE** against a certain  
5 **race!** And any legislation within Ss51(xxvi) **cannot** be applied against the **“general**  
6 **community”!**

7  
8 The Framers of the Constitution also made clear that for any referendum there must be State  
9 conventions so that each State can put forwards what they desire, if any, version of referendum.  
10 This has not eventuated and so the constitutional process fails to be followed. In fact for years  
11 various Elders made clear to me that this Voice was put together exluding them seemingly  
12 because their input was not desired as it was not to the views of certain organisers like Thomas  
13 Mayo and Teela Reid. In fact Thomas Mayo (on video) as I understood it admitted to have  
14 excluded certain Aboriginals for this. As such, this is not some Voice representing all  
15 Aboriginals (which includes Torres Strait Islanders) but seems to be the views of a very small  
16 minority which Thomas Mayo and Teela Reid seems to dictate.

17  
18 It is incomprehensible that **“Travelling Pete”** Anthony Albanese claims to have been involved in  
19 the Voice project for so many years and yet somehow seems to be totally ignorant to what the  
20 Voice according to Thomas Mayo and Teela Reid was to accomplish.

21

Mike Lee @BasedMikeLee · 16h ...

The Senate just rejected Senator Paul's proposal to clarify that Article 5 of the NATO treaty "does not supersede the constitutional requirement that Congress declare war." Treaties can't declare war. Only Congress can do that. Inexcusable.

22

In Australia NATO cannot override the constitution either!

1  
2 We also have this issue of the Ukraine NAZI Government where “*Travelling Pete*” Anthony  
3 Albanese is unconstitutionally interfering in a war that he never should have, neither so Scott  
4 Morrison and their collaborators. Again is ACMA somehow going to be sitting in judgment  
5 about something it has absolutely not a clue what is constitutionally applicable and then pursue  
6 Big Tech to unconstitutionally interfere with my and other Australians constitutional rights?  
7

8 In my view the misinformation/disinformation Bill proposed legislation is to serve the W.E.F.,  
9 U.N., WHO and others to destroy the Commonwealth of Australia’s constitutional system and  
10 well the real harm is coming from any politician who join any **TRAITOR/TERRORIST** in  
11 seeking to overthrow our constitutional system.  
12

13 This is what I view this “**racism**” is about because the U.N has been pursuing this to my  
14 understanding with the con-job 1967 Ss51(xdxvi) referendum. Which allegedly was to give  
15 Aboriginals “citizenship” whereas in real terms the opposite was achieved. This as any child  
16 born in the States/Territories by birth are “Australian Citizen” not as a nationality but as a citizen  
17 of a State/Territory! My published documents set this out extensively and so no need to repeat  
18 the same albeit as I made clear it was part of the *AEC v Schorel-Hlavka* cases in which I  
19 successfully defeat the Commonwealth and all 9 Attorney-Generals. And the fact that I was  
20 able to achieve that in itself should underline I at least knew what I was on about and proved that  
21 in court.  
22

23 Let us concern ourself further with the issue of “**SERIOUS HARM**”!  
24

25 If the Federal Government was really serious about this then why has it in my view  
26 unconstitutionally legislated to prevent the list of names (then) **Senator Bill Heffernan** placed  
27 on the Senate records about 28 paedophiles in the government and other law enforcement  
28 agencies to be sealed for many decades?

29 Surely the last thing one would expect of a Federal Government is to conceal the names of  
30 perpetrators of this evil conduct? As such, it cannot be claimed that the Federal Government is  
31 really concerned about paedophilia and pursues to avoid “**SERIOUS HARM**” while shielding  
32 paedophiles and perhaps let them continue to pursue their evil conduct?  
33

3 QUOTE

4 **Pedophilia**

5 **Sexual preference for prepubescent children**

6 Overview

7 Summary

8 Pedophilia (alternatively spelt paedophilia) is a psychiatric disorder in which an adult or  
 9 older adolescent experiences a primary or exclusive sexual attraction to prepubescent  
 10 children. Although girls typically begin the process of puberty at age 10 or 11, and boys at  
 11 age 11 or 12, criteria for pedophilia extend the cut-off point for prepubescence to age 13.  
 12 Pedophilia is a paraphilia. In recent versions of formal diagnostic coding systems such as  
 13 the DSM-5 and ICD-11, "pedophilia" is distinguished from "pedophilic  
 14 disorder." Pedophilic disorder is defined a pattern of pedophilic arousal accompanied by  
 15 either subjective distress or interpersonal difficulty, or having acted on that arousal. The  
 16 DSM-5 requires that a person must be at least 16 years old, and at least five years older  
 17 than the prepubescent child or children they are aroused by, for the attraction to be  
 18 diagnosed as pedophilic disorder. Similarly, the ICD-11 excludes sexual behavior among  
 19 post-pubertal children who are close in age. The DSM requires the arousal pattern must be  
 20 present for 6 months or longer, while the ICD lacks this requirement. The ICD criteria also  
 21 refrain from specifying chronological ages.

22 In popular usage, the word *pedophilia* is often applied to any sexual interest in children or  
 23 the act of child sexual abuse, including any sexual interest in minors below the local age of  
 24 consent, regardless of their level of physical or mental development. This use conflates the  
 25 sexual attraction to prepubescent children with the act of child sexual abuse and fails to  
 26 distinguish between attraction to prepubescent and pubescent or post-pubescent minors.  
 27 Researchers recommend that these imprecise uses be avoided, because although some  
 28 people who commit child sexual abuse are pedophiles, child sexual abuse offenders are not  
 29 pedophiles unless they have a primary or exclusive sexual interest in prepubescent  
 30 children, and many pedophiles do not molest children.

31 Pedophilia was first formally recognized and named in the late 19th century. A significant  
 32 amount of research in the area has taken place since the 1980s. Although mostly  
 33 documented in men, there are also women who exhibit the disorder, and researchers  
 34 assume available estimates underrepresent the true number of female pedophiles. No cure  
 35 for pedophilia has been developed, but there are therapies that can reduce the incidence of  
 36 a person committing child sexual abuse. The exact causes of pedophilia have not been  
 37 conclusively established. Some studies of pedophilia in child sex offenders have correlated  
 38 it with various neurological abnormalities and psychological pathologies.

36 I rely upon all that writings and more, including my written submissions to the court on 19 July  
37 2006 in *AEC v Schorel-Hlavka* in which in both cases I successfully represented myself, to  
38 challenge the validity of the purported legislation!

39 Let us consider the insue of “environment”.

1 First of all "environment" is not a constitutional provisions listed in Section 51 or 52 for the  
2 Commonwealth to legislate! The Framers of the Constitution specifically left it to the States!

3  
4 I understand that some time ago the Commonwealth was opposing a certain project because  
5 allegedly a danger to a particular bird species. Well let those who are pushing the environment  
6 now explain the mass killings of birds by the wind turbines!

7 Let those pushing the environment argument explain why the harm to pollute the environment with  
8 defective solar panels, wind turbine blades, electric batteries, etc, are for the better for the  
9 environment, etc!

10 Let those pursuing this alleged legislation prove it did not act in collaboration to others to  
11 achieve precisely the opposite then what it claimed to do, such as to avoid harm to Australians,  
12 avoid hospitals to be overwhelmed, etc.

13 Let those pushing the environment issue prove that weather current conditions are actually much  
14 worse then they were more than 600 years ago!

15 Let those climate alarmist show what they did to deal with the Nord Stream 1 & 2 destruction  
16 and the man made environmental disaster and hold the culprit legally accountable!

17 Numerous other issues are to be canvassed including the unconstitutional conduct by the  
18 Commonwealth and the States in many ways!

19  
20 Again, to claim that the Federal government is concerned about "environment" while it is  
21 unconstitutionally providing weapons, vehicles, munition, monies to the Ukraine NAZI  
22 Government to destroy human lives as well as a dam, bridge, etc, then hardly this shows any  
23 genuine concerns about environment.

24 And coming back to the COVID issue:

**STATUTORY HISTORY MEMO**

Memo re: US federal law on bioweapons reclassified as public health measures.

US Government since 1969 has incrementally transferred/hidden the joint DOD-HHS Chemical and Biological Warfare Program (50 USC 32) in the Public Health Service Act (42 USC 201) and Food Drug and Cosmetics Act (21 USC 9), such that federally-funded, federally-directed public health programs and products are actually bioterrorism programs and biological and chemical weapon attacks.

The government's purpose is to commit mass murder/depopulate the world, without public knowledge and without legal consequence, and enslave survivors for wealth and power centralization through digitized 'vaccine' passports and digital currencies, without public knowledge and without public resistance.

Much more information available.

1 And

SECTION 1

June 2022 - COVID-19 injectable bioweapons as case study in legitimized, government-operated domestic bioterrorism. Or: why there won't be any civil suits, or compensatory damages for injured victims or survivors of dead victims.

Since first realizing the implications of the many Congressional statutes and Health and Human Services regulations adopted to create and operate the bioterrorism program, mostly between 1997 and the present, I've been intermittently finding the specific citations for each statement while researching related issues.

Some statements are simply logical deductions from the first premise, corroborated by the observable actions and reactions of Food and Drug Administration officials as the observable injuries and deaths mount up in the American people.

Others are specifically written into the laws, but I don't yet have the citations because I've prioritized my research time investigating other issues related to the bioterrorism program.

I'm posting the information as I understand it today [June 9, 2022], despite those limitations, in case it's useful for readers who also follow FDA Vaccine and Related Biological Products Advisory Committee (VRBPAC) reporting by Toby Rogers, Igor Chudov, Steve Kirsch, Jessica Ross, and others.

They continue to rightly raise public awareness and alarm about FDA's ongoing failure to protect the public from the Emergency Use Authorized (EUA) products.

But they don't address the main reason why FDA is acting as it is.

FDA is not pulling the EUA products from the market or stopping the 'vaccination' campaign because Health and Human Services Secretary Xavier Becerra and FDA Commissioner Robert Califf are running the US government's bioterrorism program jointly with Defense Secretary Lloyd Austin, Department of Justice Attorney General Merrick Garland, Department of Homeland Security Secretary Alejandro Mayorkas, Pfizer CEO Albert Bourla, Moderna CEO Stéphane Bancel, and World Health Organization Director-General Tedros Adhanom Ghebreyesus.

Main Premise:

Use of EUA-covered medical countermeasure (MCM) products including masks, PCR tests, mRNA and DNA injections, and other drugs, devices and biologics, once designated as such by the Secretary of Health and Human Services (March 10, 2020, retroactive to February 4, 2020) "shall not be considered to constitute a clinical investigation." 21 USC 360bbb-3(k). FDA EUA law, adopted 1997 and amended 2003, 2004, 2005, 2013, 2017.

This is true no matter how untested, unmonitored, unsafe, or ineffective they are, no matter whether their harmfulness to human health and uselessness for infection control are known before use, or discovered afterward.

Legal implications derived from the main premise:

There is no stopping condition.

STATUTORY HISTORY MEMO

Memo re: US federal law on bioweapons reclassified as public health measures.

NUTSHELL:

US Government since 1969 has incrementally transferred/hidden the joint DOD+HHS Chemical and Biological Warfare Program (50 USC 32) in the Public Health Service Act (42 USC 201) and Food Drug and Cosmetics Act (21 USC 9), such that federally-funded, federally-directed public health programs and products are actually bioterrorism programs and biological and chemical weapon attacks.

The government's purpose is to commit mass murder/depopulate the world, without public knowledge and without legal consequence, and enslave survivors for wealth and power centralization through digitized 'vaccine' passports and digital currencies, without public knowledge and without public resistance.

Much more information available.

Herein:

p. 2 - SECTION 1 - June 2022: Covid-19 countermeasures as a case study<sup>1</sup> of the EUA legal status that pseudo-converts bio warfare weapons and programs to medical products and public health programs.

p. 6 - SECTION 2 - Timeline of federal statutes involved, from 1969 to present, related to US government-directed administration of toxic products on non-consenting human beings, excerpted from April 2022 American Domestic Bioterrorism Program<sup>2</sup> post

p. 25 - SECTION 3 - Sept. 28, 2022 report on the evolution of requirements related to DOD reporting on CRBN programs to Congress.<sup>3</sup>

p. 32 - SECTION 4 - Oct. 19, 2022 - Other Transaction Authority (OTA) is to federal procurement contract regulation as Emergency Use Authorization (EUA) is to federal drug safety regulation.<sup>4</sup>

p. 41 - SECTION 5 - Oct. 25, 2022 - Condensed summary of the legal nightmare for judicial review.<sup>5</sup>

EUA products are exempt from laws regulating researcher use of investigational, experimental drugs, devices and biologics on human beings.

EUA products are exempt from laws regulating physician use of approved drugs, devices and biologics as medical treatments for patients.

There are no manufacturers of experimental products (EUA products are not part of any clinical investigation, and therefore not experimental.)

There are no government or private contracts for purchase of experimental products; there are only contracts for "large scale vaccine manufacturing demonstrations."

There is no act of administration of any experimental products.

There are no nurses or pharmacists administering experimental products.

There are no human subjects (of experiments) or patients (of physicians providing treatment) receiving experimental products: no victims.

There is no party responsible for the wellbeing of recipients after administration of EUA products.

There is no treatment group and no control group.

Human beings administering EUA products have no informed consent obligations to provide information about ingredients, risks, benefits, alternatives, or the option to accept or refuse the products. See 21 USC 360bbb-3(c)(1)(A)(ii) waiving informed consent for unapproved products (2004); 21 USC 360bbb-3(c)(2)(A) waiving informed consent for unapproved use of an approved product (2004); 21 USC 355(a)(4) waiving informed consent for experimental products classified by HHS as "minimal risk" drugs (2016); 21 USC 360(g)(3)(D)(i) waiving informed consent for experimental "minimal risk" devices (2016).

Human beings receiving EUA products have no informed consent rights to receive information about ingredients, risks, benefits, alternatives, or the option to accept or refuse the products. See citations, bullet point above.

There are no Institutional Review Boards supervising administration of the experimental products.

There are no safety standards for EUA products.

There are no efficacy standard for EUA products. See 21 USC 360bbb-3(c)(2)(A), 1997, 2003, 2004, re: "may be effective."

There are no clinical investigators studying the effects of EUA products on human subjects.

There are no doctors, nurses, or other treatment providers providing experimental treatment to their patients subject to the Hippocratic Oath ("first do no harm") using EUA products.

There is no coordinated, public, federal government monitoring of recipients after receiving the products for adverse effects and deaths.

7

There is no coordinated, public, federal government data collection or analysis.

There is no legal requirement for medical supervision during product administration.

There is no legal requirement for recipient monitoring after product administration.

'Real world evidence' — mass administration of products to general public, followed by collection of private/proprietary information about the effects, from health insurance systems, government databases (Medicare, Medicaid, Defense Medical Epidemiology Database, Veterans Health Administration) and other private databases — is authorized for the purposes of FDA regulatory decisions. See 21 USC 355g, 2016.

There is no requirement for individual prescriptions to be written prior to dispensing EUA products, and products dispensed without prescriptions "shall not be deemed adulterated or misbranded." See 21 USC 360bbb-3a(d), 2013.

Manufacturers, as contractors, are considered HHS employees for purposes of legal immunity under Federal Tort Claims Act. See 42 USC 247d-6a(d)(2)(A).

DOD is authorized to contract with pharmaceutical corporations to conduct 'prototype' experiments on the general public, and under such contracts, is exempt from legal obligation to comply with Good Clinical Practices or other FDA regulations. See 10 USC 2371b (2015), renumbered 10 USC 4022 (Jan. 1, 2021, effective Jan. 1, 2022)

One of the factors to be considered by HHS secretary in making determinations about EUA products (qualified security countermeasures) and use of Special Reserve Fund/Strategic National Stockpile appropriations to procure them is "whether there is a lack of a significant commercial market for the product at the time of procurement, other than as a security countermeasure." See 42 USC 247d-6b (c)(5)(B)(iii)

There are no required standards for quality control in manufacturing; no inspections of manufacturing procedures; no prohibition on wide variability among lots; no prohibition on adulteration; and no required compliance with Current Good Manufacturing Practices. EUA products, even though unregulated and non-standardized, "shall not be deemed adulterated or misbranded." See 21 USC 360bbb-3a(c), 2013.

There are no labeling requirements regarding the contents or ingredients in EUA products. 21 USC 360bbb-3a(c)(2)(B)(ii), 2004.

There is no limitation of administration of EUA products past their expiration dates.

There cannot be clinical trial fraud, because there are no clinical investigations, no investigational drugs, no investigators and no human subjects.

There are no marketing standards.

There cannot be consumer fraud, because the only legal parties to the financial transactions are the US government (DOD) as buyer, the US government (HHS) as regulator authorizing exemptions from consumer protection laws that otherwise apply to medical products; and the pharmaceutical corporations

as sellers, contracted to develop and manufacture the products. There are no commercial pharmaceutical products, no commercial marketplace, and no commercial market consumers.

There is no access to courts for judicial review of the facts or law relating to HHS Secretary declarations of EUA products, which are committed to agency discretion. See 42 USC 247d-6d(b)(7), 2005.

There is no access for plaintiffs, to civil courts for judicial review, and no entity to whom civil liability can attach, for injuries and deaths caused by declared covered countermeasures, unless and until FDA/HHS and/or Attorney General/DOJ file enforcement action against manufacturers and prove willful misconduct proximate to injury or death, but HHS and DOJ have operated the EUA product program together with the manufacturers since inception, and will not prosecute their co-conspirators. See 42 USC 247d-6d, 2005.

Even if there were access to courts for judicial review, and a fact-finder found evidence of harms caused by administration of products to recipients, and even evidence that those who caused the harms, by developing, manufacturing, distributing and/or administering the EUA products, knew the EUA products were toxic and knew their own actions were harmful, "just following orders" is an authorized, legal defense. See 42 USC 247d-6d(c)(4), 2005.

Summary:

There are no actions that can be legally classified as crimes or civil torts; there are no medical battery or homicide victims, or plaintiffs; and there are no medical batterers or murderers. Because legally, nothing has been done, and no one has done anything, to anyone else.

The recursive loop can be infinite, as covered countermeasures are developed, authorized and deployed, through HHS Secretary EUA declarations, as treatments for complications from prior countermeasures.

SECTION 2 - US Federal Statutes

These Congressional acts have been signed by US presidents and implemented through Presidential Executive Orders, statements, Presidential Emergency Action Declarations (PEADs), National Security and National Emergency memoranda, proclamations, declarations and determinations, and HHS, DOD, DHS, DOJ and other federal agency determinations, declarations, regulations, authorizations, approvals and guidance documents.

I've included some of the key executive branch acts in this excerpted list; a more complete list is below at Section 5.

There are other, related statutes on emergency management, toxic waste management, population control, legislative, judicial and executive branch reorganization, economic and financial systems, excluded from this excerpted list but available at the American Domestic Bioterrorism Program post and footnoted PDF versions of same.

There are relevant federal court cases, and government and think-tank reports.

There have also been reinforcing and conflicting developments in international law.

1969/11/19 - Congress and President Nixon passed Armed Forces Appropriations Act, PL 91-121, 83 Stat. 209.<sup>7</sup> Section 409 authorized Department of Defense to use human subjects for experiments in chemical and biological weapons, established reporting requirements (DOD reports to Congress) codified at 50 USC 1511(a) and authorized President to suspend informed consent and other provisions during a declared war or national emergency, codified at 50 USC 1515. Congressional reporting requirements amended 1977 and 1982, repealed 1996.

1971/12/23 - US Congress and President Nixon passed National Cancer Act, PL 92-216, 85 Stat. 778.<sup>8</sup> Expanded US government bioweapons development and programs under pretext of cancer research.

1974/07/12 - US Congress and President Nixon passed National Research Service Award Act, PL 93-348, 88 Stat. 342.<sup>9</sup> Title II set up a commission to study bioethics and protection of human subjects. Led to 1977 Health, Education and Welfare report and 1979 Belmont Report.

1974/12/10 - Secretary of State Henry Kissinger's National Security Study Memorandum 200 (NSSM 200) study compiled as the Kissinger Report,<sup>10</sup> establishing global depopulation as US geopolitical strategy.

1975/11/26 - President Gerald Ford endorsed the Kissinger Report's depopulation plan through National Security Decision Memorandum 314<sup>11</sup>

1976/01 - Swine influenza/H1N1 outbreak<sup>12</sup> started at Fort Dix, in April, Congress funded vaccine development/mass vaccination through Merck, in late September injections began. Heart attacks,

Truncate's holdings are supported by the facts in evidence.

The directly-implicated US Government parties (DoD as purchaser and FDA as regulator) have expressly denied that [redacted] "induced" signing of the purchasing contracts. DoD has expressly denied that non-compliance with FDA regulations was a contract provision that legally could have authorized DoD termination of the contract.

For three years now, and despite formal notice through [redacted] case, none of the contract parties or law enforcement entities authorized to enforce compliance with contract provisions and American drug regulations, (regulator FDA, purchaser DoD, and US Department of Justice) have taken any enforcement action against [redacted]

The products known as 'Covid-19 vaccines' are military countermeasures; they are biochemical weapons. As such, they have never been, and are not now, legally required to comply with any FDA drug safety regulations.

16 **THERE IS NO SARSCOV2 VIRUS** And hence, there is no Covid19 Pandemic

17 It is all a huge fraud

18 All thanks to a wonderful German Engineer, Marvin Haberland, and a great American  
19 researcher Christine Massey and an incredible German biologist, Dr Stefan Lanka and  
20 many others.

21 Christine has proved through hundreds of FOI requests and responses, that the  
22 SARSCOV2 virus has never been isolated anywhere in the World.

23 See [REDACTED]

24 [REDACTED]  
25 [REDACTED]  
26 When Greg Hunt, the then Australian Federal Health Minister was questioned by Solihin  
27 Millin he responded with a pathetic letter (see <https://bit.ly/3JVOYGf>) stating he was  
28 unable to prove the explicit existence of the SARSCOV2 virus other than through citing  
29 the results of a single pseudo-scientific experiment carried out by the Doherty Institute  
30 associated with the University of Melbourne in Australia. (Editor: The Doherty Institute  
31 had connections to US biolabs in Ukraine)

32 For the results of a scientific experiment to be validated a second precisely similar  
33 experiment must be carried out without introducing the supposed causative agent, in the  
34 case of the Doherty Institute, a human sample supposed to be infected with the  
35 SARSCOV2 virus.

36 Marvin Haberland was astute enough to question this Doherty Institute pseudo-experiment,  
37 and the Doherty Institute under FOI (Freedom of Information) **confirmed that the**  
38 **Doherty Institute never carried out a control experiment**, thereby scientifically  
39 invalidating their findings.

40 Further, a great German biologist Dr Stefan Lanka showed through running the missing  
41 Doherty Institute control experiment that the results using a placebo (inert substance)  
42 resulted in exactly the same experimental outcome. (see <https://bit.ly/40GjThN>)

1 Marvin Haberland was fined by the German Covid19 authorities and refused to pay the  
2 fine, so he was taken to court.

11 Marvin Haberland has won his case in Germany heard on the 26th April 2023.

12 This is now hard scientific and legal evidence for MAHA to raise in our up and coming

13 Australian Federal Court Class Action that the SARSCOV2 virus does not exist.

14 Hence Covid19 does not exist since it is meant to be caused by the non-existent

15 SARSCOV2 virus.

16 And hence Covid19 is a total fraud.

17 In addition there is a great deal of proof that the PCR test and associated false positives

18 that was used to create the false Covid19 cases, is completely false and cannot be used to

19 test for a disease.

20 A Portuguese court confirmed this – see <https://bit.ly/41VMK2E>

21 As did a request for retraction of the original Drostin paper recommending the PCR test to

22 test for SARSCOV2 and hence Covid19

23 (see <https://bit.ly/3Lx5INb> and <https://bit.ly/3NipFDo>)

24 Further huge amounts of evidence are available to MAHA confirming that the Covid19

25 Plandemic has been falsely constructed to enable the distribution of otherwise illegal, dual

26 purpose gain of function poisonous bio-warfare mRNA based nanotechnology gene

27 altering injections and other lethal and harmful nano substances by the United States of

28 America Department of Defence.

29 What has been called the SARSCOV2 virus is a chimeric (made by humans) in silico (only

30 exists in computers, created by human imagination) biological poison developed for bio-

31 warfare. (see <https://bit.ly/3zHGuQ6>)

32 We've won

33 In addition we have hard evidence that the Australian TGA has hidden death statistics in

34 order to support the false Australian Government Covid19 injection narrative.

35 (see <https://bit.ly/3Lb4791> and <https://bit.ly/3LubEBb>)

36 With these simple facts which will be presented via the MAHA Class Action to the

37 Australian Federal Court we have proved the falsity of the entire Covid19 Plandemic

38 Australians rejoice

39 You are about to be compensated for this hugely destructive shocking lethal and injurious

40 fraud that the Australian Governments have inflicted on us all.

 10 **Reason for the objection:**

11 1. the penalty notice is unlawful.

12 2. according to §1 IfSG applies:

13 (1) The purpose of the law is to prevent communicable diseases in humans, to detect  
 14 infections at an early stage and to prevent their further spread.

15 (2) The necessary cooperation and collaboration of federal, state and local authorities,  
 16 physicians, veterinarians, hospitals, scientific institutions and other stakeholders **should be**  
 17 **organized and supported in accordance with the respective state of medical and**  
 18 **epidemiological science and technology.**

19 3. the German Research Foundation (DFG) published guidelines to ensure good scientific practice as  
 20 early as 1998. When the Code comes into force on August 1, 2019, all universities and non-  
 21 university research institutions **must implement** the 19 guidelines and their explanatory notes in  
 22 a **legally binding manner** (see Proposal for Evidence 1a). According to the DFG, the general  
 23 principles of scientific work include:

- 24 · Lege artis to work
- 25 · **Document results**
- 26 · **Consistently self-doubt all results**

27 According to the DFG, the following also applies: **Even in fields of work where intense**  
 28 **competition forces researchers to publish as quickly as possible, the quality of the work and**  
 29 **the publication must be the top priority. Results must be checked and replicated wherever**  
 30 **actually possible** before they are submitted for publication." (see Request for Evidence 1b)

31 Guideline 11 of the Code (Methods and Standards) states, **Many methods used in life science projects**  
 32 **have limitations. The strengths and weaknesses of a method should be considered in the choice of**  
 33 **method, documented, and balanced by appropriate controls.** (see Evidence Request 1c)

34 The Robert Koch Institute (RKI) has also been committed to the DFG rules since May 2002.  
 35 According to the RKI, this serves **scientific self-control** (see Proposition of Evidence 1d).

36 **The virologists did not act according to the state of the art of medical and epidemiological science**

2. to prove that virologists do not control and document their methods, I request the inclusion of the following document:

The attached document is a responded Freedom of Information Act (FOIA) request by Australia's *Peter Doherty Institute for Infection and Immunity* at the University of Melbourne. Researchers at the Doherty Institute began publishing the document in early 2020 with the publication of

"Isolation and rapid sharing of the 2019 novel coronavirus (SARS-CoV-2) from the first patient diagnosed with COVID-19 in Australia" published one of the world's authoritative publications on the claimed pathogen detection for the so-called "SARS-CoV-2" virus. The questioner asked the authors of the study whether they had performed and documented the scientifically prescribed control experiments for their methods. **According to the authors, no control experiments were documented throughout the publication and were not performed for the whole genome sequencing.** Thus, two central components of the scientific method are violated (documentation and control).

3. to prove that none of the published studies on the so-called pathogen detection for "Sars-CoV-2" includes performed and documented control experiments for the methods used - including genome sequencing.

I request that the court obtain a factual opinion from a SARS-Cov-2 virologist on this matter. The SARS-CoV-2 virologist should provide evidence, based on at least one original scientific publication, that a viral structure designated as SARS-CoV-2 was discovered through isolation and biochemical characterization of its components. **The scientific publication must include the performance and documentation of all control experiments.**

Dear [REDACTED],  
I have followed up with the Doherty Institute in response to your final question. The answer below was provided:

*At the time there was no established method for sequencing SARS CoV2 In order to maximise the number of sequencing reads for nCoV2019 (named at the time) we elected to dedicate an entire flow cell to the positive culture sample to maximise our recovery of the viral reads and not spend reads on sequencing a negative sample.*

I trust this is of assistance and wish you well. Kind regards,

Dear [REDACTED],  
Thank you very much.

Your answer fully satisfies my request.

Is there any specific reason why the authors of the study did not perform negative controls for all the genome sequencing methodology?

Many thanks,

5 Dear [REDACTED],

6 Apologies for the delay in response - I have made some preliminary enquiries and write to advise that the  
7 Doherty Institute can provide the following answers to your questions regarding the "Isolation and rapid  
8 sharing of the 2019 novel coronavirus (SARS- CoV- 2) from the first patient diagnosed with COVID- 19  
9 in Australia" publication.

10  
11 (7) Can you confirm that the negative control culture was grown in the same conditions  
12 (37°C, 5% CO2) and maintenance media (consisting of 10mL EMEM, 7% FBS, 2mM L  
13 glutamine, 1 mM sodium pyruvate, 1500mg/L sodium bicarbonate, 15 mM HEPES and  
14 0.4mg/ml geneticin) to 95% confluency in 25cm2 flasks, and that, for the negative control,  
15 maintenance media was removed and 10 mL viral culture media (EMEM as above but FBS  
16 reduced to 2%) was added?

17 As background, Doherty researchers define a control to be a component of an experiment intended to  
18 eliminate alternative explanations for experimental results, due to 'confounding variables'. It does this by  
19 as closely as is feasible replicating all components of the experiment other than the variable being  
20 measured. In this case, it means our negative controls have been treated in the same media conditions  
21 and changes as our positives.

22 2. Could you please provide me with the exact documentation of the negative  
23 control experiment. There is no specific documentation for this experiment. Assuming  
24 your question relates to the methodology used to create this control, these are not  
25 documented or included in publications. As mentioned above, they are presumed to follow  
26 as much as it is feasible the original experiment, replicating all components of the  
27 experiment other than the variable being measured.

28 3. Regarding genome sequencing from the infected cell culture, did you perform  
29 control experiments to exclude that also other virus genomes could have been assembled  
30 de novo or via alignment using other reference genomes? We did not look for other viral  
31 genomes. Our assembly was performed against the released Wuhan 1 reference sequence as  
32 we were looking for SARS-CoV-2.

33 4. Did you perform control experiments to exclude that the target virus genome  
34 could have been assembled de novo or via alignment from the negative control culture?  
35 Sequencing and denovo assembly was only performed on positive, infected material.

36 5. If the answer for 3. and 4. is yes, could you please provide to me the documented  
37 negative control procedure for the genome sequencing?

38 N/A - see responses to 3 and 4.

39 I trust these responses satisfy your queries. Kind regards,

40 QUOTE

41 **Mr. HIGGINS.-Suppose the sentry is asleep, or is in the swim with the other power?**

42  
43 **Mr. GORDON.-There will be more than one sentry. In the case of a federal law,**  
44 **every member of a state Parliament will be a sentry, and, every constituent of a state**  
45 **Parliament will be a sentry.**

46 **As regards a law passed by a state, every man in the Federal Parliament will be a**  
47 **sentry, and the whole constituency behind the Federal Parliament will be a sentry.**

48 END QUOTE

49  
50 As such, the Framers of the Constitution made it very clear to deny the Senate its 'constitutional'  
51 right to properly deliberate matters before the Senate itself would constitute "**TERRORISM**".  
52 Hence, to deny any Australian their constitutional rights equally is to commit "**TERRORISM**".

1 Further, the Framers of the Constitution embedded in the constitution the right of any Member of  
 2 Parliament to challenge the validity of any part of legislation and this would be sufficient for the  
 3 Speaker of the House of Representatives or the President of the Senate wherever the objection is  
 4 made to then place the matter before the High Court of Australia for its advise as to any disputed  
 5 part of a Bill being within constitutional powers. This is not that the House of Representatives  
 6 and/or the Senate can outvote such an objection as the Framers of the Constitution made it very  
 7 clear the matter should be placed before the High Court of Australia! While a Speaker/President  
 8 may be selected by the majority of each House, once selected then they become OFFICERS of  
 9 the relevant House and committed to pursue what is constitutionally appropriate regardless if the  
 10 majority of Members seeks to defeat the objection by any vote.

11 HANSARD 16-3-1898 Constitution Convention Debates

12 QUOTE

13 **Mr. BARTON** (New South Wales).-No, there would be no prohibition in that respect.  
 14 **The offices of Speaker and Chairman of Committees are not offices of profit under**  
 15 **the Crown.** They are parliamentary offices, and Parliament has always retained a power  
 16 over its own Estimates to the extent that really the Speaker and President of the local  
 17 Chambers have always exercised a right to submit their own Estimates, and those  
 18 Estimates, as a rule, as far as I know in practice in my own colony, are altogether  
 19 untouched by the Government of the day. Now, these are political offices, but not offices  
 20 of profit under the Crown.

21 END QUOTE

22 Hence, the majority of a vote by the Members of either House of Parliament never can overrule  
 23 the obligation of the Speaker/President to pursue a clarification of what is held to be  
 24 constitutionally appropriate. Any so called “sweheart deal” to have an objecter drop its  
 25 objection is of no legal value because once the objection is made it no longer is in the hands of  
 26 the objector but is than in the hands of the Speaker/President and this Speaker/President must  
 27 than pursue the constitutional validity of such Bill. The same is with the Chairman of any  
 28 Committee! Hence my **SUBMISSION** cannot be ignored but the Chairman of the Committee  
 29 has a legal obligation to deal with my objections regarding any issue violating the constitution in  
 30 a proper manner, including to pursue the High Court of Australia to clarify matters.  
 31

There have also been reinforcing and conflicting developments in international law.

1 completed as the Kissinger Report, establishing global

 3

4 This may also underline why the Federal Government has allegedly its involvement in the **Port**  
 5 **Arthur** massacre as to pursue to remove the weapons from ordinary Australians for their  
 6 **DEPOPULATION** agenda. This, where I understand that some 10 years prior to the **Port**  
 7 **Arthur** massacre a NSW Premier than allegedly made known that to remove weapons from  
 8 citizens there was a need for a **Port Arthur** massacre! I understand from a video details that a  
 9 special truck was ordered to be build in advance for this very purpose to transport the huge  
 10 number of dead boddies from **Port Arthur** massacre area. As such, what eventuated in Port  
 11 Arthur was planned well in advance and the alleged killer had to my understanding absolutely no  
 12 involvement in ordering such a truck beforehand!  
 13

14 It appears to me that the same was planned beforehand such as with **2010 LockStep** to mass  
 15 murder citizens around the world as my **COMPLAINT** to **R Kershaw Chief Commissioner of**  
 16 **AFP** makes very clear!  
 17

18 I understand from a video that Anthony Albanese prior to the purported 2022 federal election  
 19 made clear that he didn't want to change policies but merely to be Prime Minister. By this, and  
 20 his previous silence about the unconstitutional covid scam mandates, etc, underlines to me he  
 21 and his collaborators are all part of the **TRAITORS/TERRORIST** and none of those pretending  
 22 to be in the Parliament are constitutionally permitted to be so by Sections 44 & 45 of the  
 23 constitution.  
 24

25 [REDACTED] and suffers from heart failure and other comorbidities and was  
 26 advised by her specialist to have the "vaccine" (meaning the **DEPOPULATION** "gene therapy")  
 27 bioweapon owned by the DoD (USA) just that he couldn't explain any harm to my wife if she  
 28 had such an injection.

29 The Victorian Government even had a mandate that only one person of a household was allowed  
 30 to go for essentials. This kind of **TERRORISM** is unforgiveraqble and if I have my way each  
 31 and every person who acted as a collaborators with the **TRAITORS/TERRORIST** deserved  
 32 upon conviction to be granted their rightful award being the death penalty!

33 [REDACTED] lived through WWII and actually had 3 bombs destroyiung 3 underground bunkers her  
 34 farmer/lawyer father had for his workforce and family. Just that on that particular day he directed  
 35 all to shelter in the main house instead of the bunkers. To Olga the **TERRORISM** by the  
 36 Victorian Government and others was far worse to her then what she lived through during  
 37 WWII! During 2020 [REDACTED] even gave me the understanding she wanted to die because of the  
 38 mandates preventing her to live a normal right. I was there to assist her through this difficult time  
 39 but many others who were living on their own simply may have caved in.

40 Despite the unconstitutional restrictions a violation of separation of powers the State and neither  
 41 the Federal Government provided any assistance to the citizens in ill health and/or suffering from  
 42 health issues as their mentality appears to me to be you can die if you do not have the "gene  
 43 therapy" bioweapon injection!  
 44

45 Premier Danial Andrews appears to claim he is sorry about what was done with the mandates but  
 46 is still pursuing the **2010 LockStep** of the W.E.F. plan to be implemented, and that to me  
 47 underlines that he as many other politicians around the world are claiming to be sorry while in  
 48 reality they continue their evil doings. That is why he and others and their collaborators all needs  
 49 to be held legally accountable. This is a pinnacle of **TERRORISM** which understand in certain  
 50 manner still continue until this day.

1 During the lockdowns my wife was denied appropriate medical care at [REDACTED] for not  
2 being injected with the “gene therapy” bioweapon! This even so as I outlined to the AFP the  
3 usage of a “bioweapon” was unlawful where the persons storing, using this bioweapon were not  
4 having the correct classification, etc. to do so!  
5

6  
7  
8 [REDACTED] at the time was the receptionist of [REDACTED], the latter who retired in  
9 2022. [REDACTED] gave me the understanding had previously been a legal secretary and so knew her  
10 legal rights not to be injected with this so called covid vaccine. However, she announced that the  
11 hospital refused to give her the medical treatment she required against cancer unless she was  
12 injected. So, she was coerced to be injected. After that [REDACTED] gave me the understanding that the  
13 treatment was a success as she was in remission. Thereafter, I was given the understanding that  
14 [REDACTED] was in hospital on her deathbed because the cancer suddenly had returned and now  
15 throughout her entire body. Soon thereafter she died. This is not an isolated case because I  
16 understand that in Victoria a woman needing a transplant was denied this because the medical  
17 staff refuses to perform the transplant unless she has the covid injection (“gene therapy”  
18 **DEPOPULATION** bioweapon injection), **THIS SHE REFUSED.**  
19

20 While ACMA claims to pursue to act against “**SERIOUS HARM**” reality is in my view that it  
21 actually is aiding and abetting to ensure “**SERIOUS HARM**” is inflicted upon Australians!  
22

23 No medical facility can in any shape or form deny an Australian proper medical care in violation  
24 of their constitutional rights!  
25

26 The following will also make clear that the Framers of the Constitution intended to have **CIVIL**  
27 **RIGHTS** and **LIBERTIES** principles embedded in the Constitution;  
28 **HANSARD 17-3-1898 Constitution Convention Debates** (Official Record of the Debates of the National  
29 Australasian Convention)

30 **QUOTE Mr. CLARK.-**  
31 **the protection of certain fundamental rights and liberties which every individual**  
32 **citizen is entitled to claim that the federal government shall take under its protection**  
33 **and secure to him.**  
34 **END QUOTE**

35  
36 **Hansard 1-3-1898 Constitution Convention Debates**  
37 **QUOTE**

38 **Mr. HIGGINS.-Suppose the sentry is asleep, or is in the swim with the other power?**

40 **Mr. GORDON.-There will be more than one sentry. In the case of a federal law,**  
41 **every member of a state Parliament will be a sentry, and, every constituent of a state**  
42 **Parliament will be a sentry.**

45 **END QUOTE**

46  
47 Therefore, it is the duty and obligation of every Member of Parliament to immediately ensure  
48 that those kind of “**TERRORISM**” conduct is stopped!

1  
2 It should be understood that while Members of Parliament ordinary have their protection by the  
3 so called Westminster system, it doesn't apply where they are aiding and abetting to  
4 "**TREASON**"/ "**TERRORISM**"!

5  
6 **"If individuals be not influenced by moral principles; it is in vain to look for public  
7 virtue; it is, therefore, the duty of legislators to enforce, both by precept and example,  
8 the utility, as well as the necessity of a strict adherence to the rules of distributive  
9 justice."**

10 —James Madison (1789)

11  
12 *Scheuer v Thodes*, 416 US 232 94S Ct 1683, 1687 (1974) states:  
13 "when a state officer (which includes Judges) acts under a state law in a manner violative  
14 of the US Constitution, he comes into conflict with the superior authority of that  
15 Constitution, and he is in that case stripped of his official or representative character and is  
16 subjected in his person to the consequences of his individual conduct.  
17 **The State has no power to impart to him any immunity from responsibility** to the  
18 supreme authority of the United States".

19  
20 The same legal principle applies to the Commonwealth of Australia that where a  
21 parliamentarian, judge, legal practitioner, police officer, etc violates the constitution in some  
22 manner then that person no longer hold the position but is acting as an ordinary Australian and  
23 liable to the sanctions of law for any unconstitutional conduct.

24  
25 **Hansard 1-3-1898 Constitution Convention Debates**

26 **QUOTE Sir JOHN DOWNER.**-

27 I think we might, on the attempt to found this great Commonwealth, just advance one step,  
28 not beyond the substance of the legislation, but beyond the form of the legislation, of the  
29 different colonies, and say that there shall be embedded in the Constitution the righteous  
30 principle **that the Ministers of the Crown and their officials shall be liable for any arbitrary  
31 act or wrong they may do, in the same way as any private person would be.**

32 **END QUOTE**

33  
34 Even if they have already their position in the meantime, perhaps as to seek to avoid legal  
35 accountability, they are and remain nevertheless legally accountable for any conduct in violation  
36 of the constitution!

37  
38 For ACMA to perhaps claim it did not itself remove or interfere with any removal of  
39 publications/posts, etc, is no excuse because it **MUST** ensure that no Australian is denied its  
40 constitutional rights and any silence to remain on the sideline can be deemed to aid and abet to  
41 this unconstitutional conduct by any Big Tech platform.

42  
43 "**Travelling Pete**" Anthony Albanese without the Parliament approval even having commenced  
44 to it this as the writs were not returned in 2022 already then went to Ukraine and in my view  
45 unconstitutionally and without lawful authority was providing financial and other support for the  
46 Ukraine NAZI Government to continue its genocide upon ethnic Russian Ukrainians (as they  
47 then were)! The Governor-General to my understanding had not published any  
48 **DECLARATION OF WAR** against either Ukraine and/or later against the Russian Federation  
49 and as such any military and other financial involvement was unconstitutional.

50 Even if the Governor-General had published in the Gazette a **DECLARATION OF WAR**  
51 naming a particular country then still it has absolutely nothing to do with the (prime) Minister as  
52 it would be for the Minister of Defence to pursue matters.

1 Because our constitution limits any spending of taxation (Consolidated Revenue Funds) by  
 2 having the Parliament passing Appropriation Bills before the commencement of the financial  
 3 year (now commencing on 1 July of each year) and no Parliament being in session as the writs  
 4 had not been returned then any alleged funding and/or providing of military equipment, etc,  
 5 would be without warrant of law.

6  
 7 It is totally irrelevant if there has been conventions for a (prime) Minister to do whatever as  
 8 ultimately conventions cannot override the constitution!

9  
 10 **NATIONAL SECURITY** is not served by politician's violating the constitution!

11  
 12 ACMA is not the guardian of the constitution to pursue through backdoor manner conduct  
 13 against Australians which it cannot lawfully do by itself. ACMA can pursue law enforcement  
 14 authorities to investigate matters and it then can place matters before the Courts.

15  
 16 **QUOTE (PROVIDED BY A READER)**

17 The first principal doctrine in the Communist Party Case maxim was described by Justice Fullagar  
 18 as "an elementary rule of constitutional law which has been expressed metaphorically" by saying  
 19 that "**a stream cannot rise higher than its source**", citing *Shrimpton v The Commonwealth* where  
 20 it was stated by Dixon J that "**an exercise of a power, whether legislative or administrative,**  
 21 **cannot rise higher than its source**" or "**the Parliament cannot recite itself into power.**" [Cf.  
 22 *Australian Communist Party v Commonwealth* [1951] HCA 5; 83 CLR 1 at p. 258; *Shrimpton v The*  
 23 *Commonwealth* [1945] HCA 4; 69 CLR 613 at p. 630.]

24  
 25 In *British Medical Association v The Commonwealth* [1949] HCA 44; 79 CLR 201 at [p293] Webb J  
 26 observed: "**To require a person to do something which he**  
 27 **may lawfully decline to do but only at the sacrifice of the**  
 28 **whole or a substantial part of the means of his livelihood**  
 29 **would, I think, be to subject him to practical compulsion**  
 30 **amounting to conscription [unlawful impressment and**  
 31 **press-ganging by force]... If Parliament cannot lawfully**  
 32 **do this directly by legal means it cannot lawfully do it**  
 33 **indirectly by creating a situation, as distinct from merely**  
 34 **taking advantage of one, in which the individual is left no**  
 35 **real choice [of abstention] but compliance.**" Cf. *The Commonwealth*  
 36 *of Australia Constitution Act, 1900* [63 & 64 Vict.] (Imp.), Sect. 51 – (xxiiiA.) The provision of  
 37 maternity allowances, widows' pensions, child endowment, unemployment, pharmaceutical,  
 38 sickness and hospital benefits, medical and dental services (but not so as to authorize any form of  
 39 civil conscription), benefits to students and family allowances.

40 **END QUOTE (PROVIDED BY A READER)**

41  
 42 ACMA to purportedly fine some Big Tech company or even to threaten a Big Tech company to  
 43 do so by itself in my view is to engage in **TERRORISM**! In my view any Big Tech company  
 44 which engages in providing a platform for communication like the proverbial 'town square' is  
 45 entitled to rely upon relevant law enforcement authorities to do its job and for it to obtain a court  
 46 order to remove certain items. No Big Tech company can implement some form of censorship  
 47 merely to appease some **WOKE** or other public official in violation of a citizen's constitutional,  
 48 legal, human, natural, common law rights.

1 Big Tech platforms are bound by the legal provisions relating to the Commonwealth of Australia  
 2 for so far they are constitutional valid and cannot be used as some source to advance any  
 3 unconstitutional demands by ACMA for and on behalf of some **TRAITOROUS/TERRORIST**  
 4 Government of the Day, in particularly not to advance the motives of some external foreign  
 5 power such as U.N., WHO, W.E.F., etc! In my view any Member of Parliament seizes to be a  
 6 Member of Parliament the moment engaging in any conduct to mvote on a Bill that is to pursue a  
 7 violation of Australians constitutional rights.

10 **QUOTE**

11 III. Who is attainted of treason, or convicted of felony or of any infamous crime:  
 12 shall be incapable of being chosen or of sitting as a member of the Senate or of the House of  
 13 Representatives until the disability is removed by a grant of a discharge, or the expiration or  
 14 remission of the sentence, or a pardon, or release, or otherwise.

15 **Mr. GORDON:** I should like to ask Mr. Barton whether there is anything in this point:  
 16 A number of German fellow colonists may have taken the oath of allegiance to a foreign  
 17 power, especially those who have served in the ranks in Germany. Would it not be  
 18 necessary to add after "power" in line 27 the words "or who has not since been  
 19 naturalised as provided in clause 30"?

20 **Mr. GLYNN:** You cannot have two, allegiances.

21 **Mr. BARTON:** No; a man might have to go out of our Parliament to serve against us.

22 **END QUOTE**

23  
 24 Those who are part of the World Economic Forum (W.E.F.) which pursues a New World Order  
 25 and overthrow our constitutional system must be deemed to be violation of s44 and by s45 are  
 26 **AUTOMATICALLY** excluded to hold any seat in the Parliament.

27  
 28  
 Because recent evidence has emerged that confirms the presence of Graphene Oxide, a highly toxic and conductive substance, in the Pfizer vaccine. And it has come from the US Food and Drug Administration (FDA) which has been forced to publish the confidential Pfizer documents by order of the Federal Court in the USA.

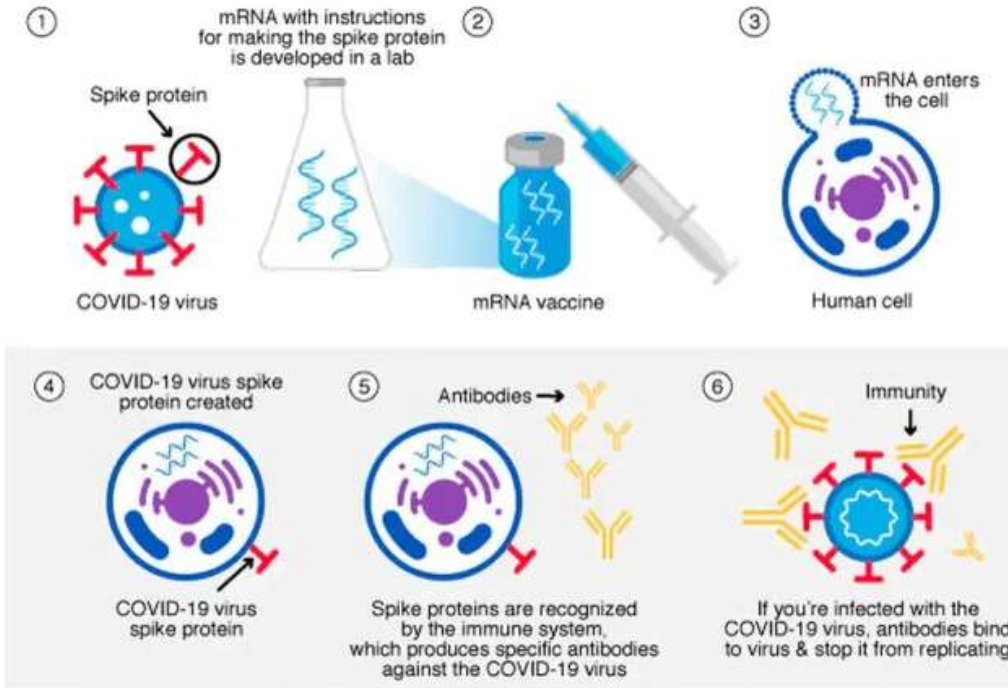

The FDA had initially attempted to delay the release of Pfizer's Covid-19 vaccine safety data for 75 years, despite approving the injection after only 108 days of a safety review on December 11th, 2020.

However, a group of scientists and medical researchers sued the FDA under FOIA to force the release of hundreds of thousands of documents related to the licensing of the Pfizer-BioNTech Covid-19 vaccine.

29 In early January 2022, Federal Judge Mark Pittman ordered the FDA to release 55,000

detects this spike protein, it can recognize it as foreign and mount an immune response against it,

2

And scientists from Spain, have declared that nanotechnology, which has the ability to control atoms in your body, has been found in all of the Covid-19 injections alongside Graphene Oxide.

According to the Spanish scientists who examined the Covid-19 injections, Graphene Oxide has the potential to cause strange blood clots. This may explain why it has been proven that Covid-19 injections increase the risk of suffering thrombosis with thrombocytopenia.

QUOTE Sir HENRY PARKES:

The resolutions conclude:

An executive, consisting of a governor-general, and such persons as may from time to time be appointed as his advisers, such persons sitting in Parliament, and whose term of office shall depend upon their possessing the confidence of the house of representatives expressed by the support of the majority.

What is meant by that is simply to call into existence a ministry to conduct the affairs of the new nation as similar as it can be to the ministry of England—a body of constitutional advisers who shall stand as nearly as possible in the same relation to the representative of the Crown here [start page 27] a her Majesty's imperial advisers stand in relation to the Crown directly. These, then, are the principles which my resolutions seek to lay down as a foundation, as I have already stated, for the new super structure, my object being to invite other gentlemen to work upon this foundation so as to best advance the ends we have in view.

23 There is a line up to which concession may become at any moment a sacred duty, but to pass that line  
24 **would be treason**; and therefore, when we are asked solemnly and gravely to abandon the principle of  
25 **responsible government**, when we are invited to surrender the latest-born, but, as I think, the noblest child  
26 of our constitutional system-a system which has not only nurtured and preserved, but has strengthened the  
27 liberties of our people-then,

31 QUOTE Mr. THYNNE:

32 I shall quote from Mr. Dicey's recent work, which is very clear in its language. He says:

33 **One of the characteristics of a federation is that the law of the constitution must be either legally**  
34 **immutable or else capable of being changed only by some authority above and beyond the ordinary**  
35 **legislative bodies, whether federal or state legislatures, existing under the constitution.**

36 END QUOTE

37  
38 Hansard 6-3-1891 Constitution Convention Debates

39 QUOTE Mr. THYNNE:

40 **The constitution of this federation will not be charged with the duty of resisting privileged classes, for**  
41 **the whole power will be vested in the people themselves. They are the complete legislative power of the**  
42 **whole of these colonies, and they shall be so.** From [start page 106] them will rise, first of all, the federal  
43 constitution which we are proposing to establish, and in the next place will come the legislative powers of the  
44 several colonies. **The people will be the authority above and beyond the separate legislatures**, and the  
45 royal prerogative exercised, in their interest and for their benefit, by the advice of their ministers will be  
46 practically vested in them. **They will exercise the sovereignty of the states**, they will be charged with the  
47 full power and dignity of the state, and it is from them that we must seek the giving to each of those bodies  
48 that will be in existence concurrently the necessary powers for their proper management and existence. **Each**  
49 **assembly, each legislature, whether state or federal existing under this constitution, will be as Dicey**  
50 **again says-a merely subordinate law-making body whose laws will be valid, whilst within the authority**  
51 **conferred upon it by the constitution, but invalid and unconstitutional if they go beyond the limits of**  
52 **such authority.**

53 END QUOTE

54  
55 I may underlines that neither the 'No' or the 'Yes' case in my view can be deemed legally valid  
56 where even the No case seems to portray that it will agree for a recognition of Aboriginals  
57 (including Torres Strait Islanders) on its own. There is no such constitutional provision to amend

1 the preamble for this and the Sections are not for some social recognition of some race but rather  
 2 to provide a constitutional system within which Parliament can legislate. Section 128 referendum  
 3 power cannot in some questionable/dubious manner to provide for something that fails to  
 4 maintain the balance provided for in the constitution.

5 Would any politician (and so their collaborators) be willing to fly with an aeroplane which I had  
 6 been tinkering with without being a duly qualified mechanic and not knowing how the hell any  
 7 changes I made would result to any harm once the plane was able to take off? Well, instead of  
 8 the aeroplane now consider the same regarding the *Commonwealth of Australia Constitution*  
 9 *Act 1900* (UK). No one, and this includes the very former High Court of Australia judges as well  
 10 as those calling themselves “constitutional lawyers” (an oxymoron like a Firefighter  
 11 Firebug) seem to have a comprehensive understanding of the legal principles embedded in the  
 12 constitution!

13  
 14 I above put the test about citizenship and let consider the following what it actually stands for:

15  
 16 Hansard 2-3-1898 Constitution Convention Debates

17 QUOTE

18 **Mr. SYMON.**-Very likely not. What I want to know is, if there is anybody who will  
 19 come under the operation of the law, so as to be a **citizen** of the Commonwealth, who  
 20 would not also be entitled to be a **citizen** of the state? There ought to be no opportunity for  
 21 such discrimination as would allow a section of a state to remain outside the pale of the  
 22 Commonwealth, except with regard to legislation as to aliens. Dual citizenship exists,  
 23 but it is not dual citizenship of persons, it is dual citizenship in each person. There may  
 24 be two men-Jones and Smith-in one state, both of whom are citizens of the state, but  
 25 one only is a citizen of the Commonwealth. That would not be the dual citizenship  
 26 meant. What is meant is a dual citizenship in Mr. Trenwith and myself. That is to say,  
 27 I am a citizen of the state and I am also a citizen of the Commonwealth; that is the  
 28 dual citizenship. That does not affect the operation of this clause at all. But if we  
 29 introduce this clause, it is open to the whole of the powerful criticism of Mr. O'Connor and  
 30 those who say that it is putting on the face of the Constitution an unnecessary provision,  
 31 and one which we do not expect will be exercised adversely or improperly, and, therefore,  
 32 it is much better to be left out. Let us, in dealing with this question, be as careful as we  
 33 possibly, can that we do not qualify the **citizenship** of this Commonwealth in any way or  
 34 exclude anybody [start page 1764] from it, and let us do that with precision and clearness.  
 35 As a citizen of a state I claim the right to be a citizen of the Commonwealth. I do not  
 36 want to place in the hands of the Commonwealth Parliament, however much I may be  
 37 prepared to trust it, the right of depriving me of citizenship. I put this only as an  
 38 argument, because no one would anticipate such a thing, but the Commonwealth  
 39 Parliament might say that nobody possessed of less than £1,000 a year should be a **citizen**  
 40 of the Federation. You are putting that power in the hands of Parliament.

41 **Mr. HIGGINS.**-Why not?

42 **Mr. SYMON.**-I would not put such a power in the hands of any Parliament. We must  
 43 rest this Constitution on a foundation that we understand, and we mean that every  
 44 citizen of a state shall be a citizen of the Commonwealth, and that the Commonwealth  
 45 shall have no right to withdraw, qualify, or restrict those rights of citizenship, except  
 46 with regard to one particular set of people who are subject to disabilities, as aliens,  
 47 and so on.

51 QUOTE **Mr. BARTON.**

If we are going to give the Federal Parliament power to legislate as it pleases with regard to Commonwealth citizenship, not having defined it, we may be enabling the Parliament to pass legislation that would really defeat all the principles inserted elsewhere in the Constitution, and, in fact, to play ducks and drakes with it. That is not what is meant by the term "Trust the Federal Parliament."

HANSARD 2-3-1898 Constitution Convention Debates

QUOTE

Mr. BARTON.-I did not say that. I say that our real status is as subjects, and that we are all alike subjects of the British Crown.

END QUOTE

The High Court of Australia in *Sue v Hill* pretended that somehow we are no longer "Subjects of the British Crown" which is an absurdity as the High Court of Australia has absolutely no judicial powers to somehow amend the constitution!

HANSARD 17-3-1898 Constitution Convention Debates

QUOTE

Mr. BARTON.- We can have every faith in the constitution of that tribunal. It is appointed as the arbiter of the Constitution. . **It is appointed not to be above the Constitution, for no citizen is above it, but under it; but it is appointed for the purpose of saying that those who are the instruments of the Constitution-the Government and the Parliament of the day-shall not become the masters of those whom, as to the Constitution, they are bound to serve. What I mean is this: That if you, after making a Constitution of this kind, enable any Government or any Parliament to twist or infringe its provisions, then by slow degrees you may have that Constitution-if not altered in terms-so whittled away in operation that the guarantees of freedom which it gives your people will not be maintained;** and so, in the highest sense, the court you are creating here, which is to be the final interpreter of that Constitution, will be such a tribunal as **will preserve the popular liberty in all these regards, and will prevent, under any pretext of constitutional action,** the Commonwealth from dominating the states, or the states from usurping the sphere of the Commonwealth.

Let us consider also about the previous referendum to be a republic:

Hansard 2-3-1898 Constitution Convention Debates

QUOTE

Mr. SYMON ( South Australia ).-

In the preamble honorable members will find that what we desire to do is to unite in one indissoluble Federal Commonwealth -that is the political Union-"**under the Crown of the United Kingdom of Great Britain and Ireland** , and under the Constitution hereby established." Honorable members will therefore see that the application of the word Commonwealth is to the political Union which is sought to be established. It is not intended there to have any relation whatever to the name of the country or nation which we are going to create under that Union . The second part of the preamble goes on to say that it is expedient to make provision for the admission of other colonies into the Commonwealth. **That is, for admission into this political Union, which is not a republic, which is not to be called a dominion, kingdom, or empire, but is to be a Union by the name of "Commonwealth," and I do not propose to interfere with that in the slightest degree.**

8 It should be understood that within our constitution at least in my view Thomas Mayo is well

 10 to seek to implement them where they are or might be in conflict with our constitution. The  
 11 various videos I watched about him he seems to express no more but certain desires to achieve  
 12 what he wish to achieve and even his statement to 'punish politicians" may mean to be no more  
 13 but to not vote for certain politicians. The issue is not if I agree or disagree with some or all  
 14 elements othe views he expresses as that is totally irrelevant. He exercises no more but his

15  
16  
17 Ministers must be without political bias as they must represent the interest of **all** Australians  
18 regardless if this may or may not conflict with their personal poloitical views. Some comments  
19 made against former Prime Minister Donald J Trump, the father of Donald J Trump Jr,  
20 underlines we have Ministers who are playing a political game and in my view lack any  
21 competence to properly exercuse their ministerial responsibilities.  
22  
23

24 Why is the Commonwealth permitting Premier Daniel Andrews repeatedly violating the  
25 constitution, as after all the Commonwealth deals with "Foreign Affairs"?  
26  
27

28 In my view when citizens have been suppressed such as by the covid scam mandates then when  
29 some issue arises 'it is the straw that broke the camels back' and then all the tensions that build  
30 up over a considerable time will result in this kind of conduct.  
31  
32

1 This is about the decades old scaming about ~~Global cooling~~, ~~Global warming~~, climate change,  
 2 etc.  
 3

10 This is about the **WOKE** agenda by banks to cancel bank accounts based on their own social  
 11 perverted views to allegedly serve the W.E.F. interest. The Commonwealth of Australia, some  
 12 decades ago, insisted that pensioners and welfare recipients had to have a bank account for  
 13 payments to be made and as such is obligated to ensure that banks do not violate the provisions  
 14 of the constitution such as “political liberty” and “religious liberty” by cancelling accounts based  
 15 on a bank account holder political/religious views! This also as the banks being incorporated  
 16 within the provisions of the *Commonwealth of Australia Constitution Act 1900* (UK) cannot  
 17 then violate the very constitution it relies upon for registration as to do otherwise effectively  
 18 nullifies their registration!

21 Remember?

 24 200 (NSSM 200) study completed as the Kissinger Report, **establishing global**  
 25 **depopulation as US geopolitical strategy.**  
 26

27 This was where the DOD (USA) took it upon itself to decide it will pursue a global  
 28 **DEPOPULATION!** Let therefore no one claim that this **DEPOPULATION** is some conspiracy  
 29 theory and is misinformation/disinformation!  
 30

31 We have the purported “National Cabinet” where the (first) Ministers of the Commonwealth,  
 32 States and Territories get together and make decisions, such as the unconstitutional “mandates”  
 33 to inject citizens with a “gene therapy” **bioweapon** despite lacking any such constitutional  
 34 powers.  
 35

36 Let us first therefore look at the (USA) DoD **DEPOPULATION** plan:  
 37

38 Let us look as Deagel.com (<http://www.deagel.com/country/forecast.aspx>) **population forecast**

And to silence critics they went on to pay handsomely the media (albeit also unconstitutionally) as I understood was what **Event201** October 2019 was indicating, as to prevent others to become aware of their murderous **DEPOPULATION** scam. The **eSafety Commissioner**, Ombudsman, Human Rights Commissioners were simply AWOL (Absent Without Leave) and if anything not just refused to enforce constitutional rights but rather supported this **TREASONOUS** conduct and let **DICTATORSHIP & TERRORISM** be the rule of the day.

#### Why is it legal to tell lies during the Voice referendum campaign?

##### QUOTE

Accusations of misinformation and disinformation are already flying in the Voice to Parliament campaign - and often with good reason. Unfortunately for voters, though, there is little to stop anyone from telling lies about the Voice or spreading disinformation - constitutional law expert Luke Beck explains, [it's perfectly legal to do so](#).

##### END QUOTE

Currently the **eSafety Commission** seems to be biased as to take the side of the federal government to pursue that Voice at all cost be implemented into the Constitution no matter the **scam** that is used to seek to convince electors to vote for it, rather than to make clear that any publication must be reflecting the truth and failing this the Courts may hold any person providing misleading information and/or concealing relevant details legally accountable. We cannot have that the **eSafety Commission** blatantly disregard responsibility to act 'IMPARTIAL'!

1 For the **eSafety Commission** not to pursue appropriate action means the **eSafety Commission**  
 2 is in my view grossly incompetent!

3  
 4 It should be understood that there is no such thing as a “Labor Government” or a “Coalition  
 5 Government” this because those in Government are commissioned by the Governor-General in  
 6 the Commonwealth and by the Governor in a State to be “**constitutional advisors**”!

7  
 8 HANSARD 4-3-1891 Constitution Convention Debates

9 QUOTE Sir HENRY PARKES:

10 The resolutions conclude:

11 **An executive, consisting of a governor-general, and such persons as may from time to**  
 12 **time be appointed as his advisers, such persons sitting in Parliament, and whose term of**  
 13 **office shall depend upon their possessing the confidence of the house of representatives**  
 14 **expressed by the support of the majority.**

15 What is meant by that is simply to call into existence a ministry to conduct the affairs of  
 16 the new nation as similar as it can be to the ministry of England-**a body of constitutional**  
 17 **advisers** who shall stand as nearly as possible in the same relation to the representative of  
 18 the Crown here [start page 27] a her Majesty's imperial advisers stand in relation to the  
 19 Crown directly. These, then, are the principles which my resolutions seek to lay down as a  
 20 foundation, as I have already stated, for the new super structure, my object being to invite  
 21 other gentlemen to work upon this foundation so as to best advance the ends we have in  
 22 view.

23 END QUOTE

24  
 25 HANSARD 17-2-1898 Constitution Convention Debates

26 QUOTE Mr. OCONNOR.-

27 We must remember that in any legislation of the Commonwealth we are dealing with the  
 28 Constitution. Our own Parliaments do as they think fit almost within any limits. **In this**  
 29 **case the Constitution will be above Parliament, and Parliament will have to conform**  
 30 **to it.**

31 END QUOTE

32 .  
 33 HANSARD 9-2-1898 Constitution Convention Debates

34 QUOTE

35 **Mr. HIGGINS.-No, because the Constitution is not passed by the Parliament.**

36 END QUOTE

37 .  
 38 HANSARD 1-3-1898 Constitution Convention Debates

39 QUOTE

40 **Mr. GORDON.-** The court may say-"**It is a good law, but as it technically infringes on the Constitution**  
 41 **we will have to wipe it out.**"

42 END QUOTE

43  
 44 Those whom are commissioned as Ministers are therefore not commissioned to pursue their  
 45 political goals but to assist the Governor-General in the Commonwealth or the Governor in a  
 46 State to advise them in management of any portfolio to what the relevant constitution(s) permits.

47 While Ministers m

48 ay have certain political goals of a personal level they however cannot interfere with the  
 49 Ministers constitutional obligations. If the Minister acts in violation of his/her constitutional  
 50 obligations then the Minister and his/her officials can be held legally accountable.

51  
 52 My constitutional rights are enshrined in the *Commonwealth of Australia Constitution Act 1900*  
 53 (UK) and the purported legislation therefore is **ULTRA VIRES Ab Initio** where it pursued to act  
 54 in violation of my constitutional, legal, human, natural and common law rights.
