To Whom It May Concern -

We respectfully Petition our Leaders who hold Power and Influence in Australia at this time.

Thank you so much for this Opportunity to Make a Submission regarding the Communications Legislation Amendment Bill 2023.

It appears to be a Very Serious Threat to Religious Freedoms and Freedom of Speech, that every person should be able to have, without threat to them, especially in these troubled times in Earth's history.

We pray to God that there will be some "Martin Luthers" in the Parliament to help Influence minds to Lay Aside this Proposed Bill, for the time being at least.

PLEASE Protect these, our human rights and privileges and God bless you.

Thank you very much. �🌲ðŸ~‡ðŸ��
