Dear whoever you are or whomever you think you are,

Please tell me, in ten words or less, who bestowed you and/or ACMA with any powers whatsoever?

Please provide a "delegation of powers" map in support of any claim of power. Please note that if any such delegation is more than once removed you will be considered in breach of the indissoluble Constitution of the Commonwealth of Australia 1901. (consider the penalties of misrepresentation).

Or, is said power derived through a Vatican Canon that garners consent through mob silence.

If you are taking instructions from a most corrupt body known as the Australian Government and have been complicit in, and still participate with, the fraudulent policies that enacted forced participation of the people in a Jones Town Massacre 202 event called Covid, how can we trust any semblance of a bar you set in the measure of defining what is information and what is disinformation, when it has been abundantly clear that the Australian Government and other Western Corporate organisations have been the greatest disseminators of misinformation of all time while in bed with big tech.

Make no mistake, the tide is turning and bad outcomes come from bad choices. The perpetrators will be routed out when the tide grows to a tsunami.

What choice are you going to make?

Sincerely
