**Re: New ACMA powers to combat misinformation and disinformation
*Communications Legislation Amendment (Combatting Misinformation and Disinformation) Bill 2023***

TO WHOM IT MAY CONCERN

I do not approve of your suggested Bill under any circumstances whatsoever - it certainly is not my idea of human rights!

This is not the Australia I have known, nor that of all those wonderful men who sacrificed their lives in WW1 & WW2 for the sake of this previously wonderful country, nor any other sane person whatsoever.

Get back to the basics and stop your psychopathic dreaming, you despicable tyrants!

If you don't like the country Australia was prior to 2020, you can simply go elsewhere. I don't care where you go, just go! We don't need your kind of evil here.

I am not yours faithfully, sincerely or any other polite phrase (you are not worthy of any pleasantries),
