

Australian Government

## Australia seeks election to the Universal Postal Union (UPU) Postal Operations Council (POC) and Council of Administration (CA) for 2026–2029.

**Australia is seeking your support** for its candidacies for election to the Postal Operations Council (POC) and Council of Administration (CA) at the 28th Universal Postal Union (UPU) Congress in Dubai, United Arab Emirates (September 2025).

The Australian Government and its designated postal operator, Australia Post, have a long and distinguished history of participation in the UPU.

As postal operations globally undergo a transition from letters to packages, Australia is committed to supporting sustainable changes at the UPU to ensure its resilience and relevance. This includes critical areas such as postal strategy, regulation, sustainability, technical cooperation and good governance.

In the POC, Australia has worked constructively to support changes to the UPU's products and remuneration systems to meet the needs of designated operators, and to find solutions to complex issues including in relation to markets development and supply chains.

An observer in the CA during the Abidjan Cycle, Australia has continued to make a strong contribution to the regulatory, policy and supervisory agenda by participating in taskforces on key issues and seeking to find compromise on challenging issues.

Help us to continue strengthening the worldwide postal network by supporting Australia's election as a member of both the POC and the CA at the 28th UPU Congress.

**“Thank you  
for supporting  
Australia”**

Pip the Koala, Mascot  
for Australia Post
