Dear Minister,

As Managing Director of Dragoman, a strategic advisory firm, my team and I are working with the Northern Territory Government's Gas Taskforce.

You will be aware that the Taskforce's primary focus is the Middle Arm Sustainable Development Precinct which received a commitment for \$1.5 billion from the Commonwealth in April 2022.

s47F - personal privacy the Chairman of the NT Gas Taskforce, is visiting Canberra on the 14<sup>th</sup> and 15<sup>th</sup> of July and would like to update you on the Middle Arm project.

I would be grateful if you could advise your availability or that of a relevant advisor on your staff.

Yours,

s47F - persc

Hello s47F - personal privacy thanks for your time this morning.

We would like to request a meeting at Minister Littleproud's earliest convenience with the Deputy Chief Minister for the Northern Territory, Nicole Manison.

**Attendee: Deputy Chief Minister for the Northern Territory, Nicole Manison**

**Topic: The topic of the discussion will be the proposed Middle Arm Sustainable Development Precinct.**

**Points of Focus: Discussion will centre on near-term opportunities for CCUS at the Precinct, and the potential for cross-Commonwealth Government interfacing for Middle Arm to be coordinated by the Office of Northern Australia.**

**Background: The NT Government is planning to execute their proposed 'Middle Arm Sustainable Development Precinct', which includes green Hydrogen and ammonia, CCUS, LNG, renewables, downstream manufacturing, critical minerals and many other opportunities.**

The near term project option involves Santos and its CCS proposal – it is desirable to use this as catalyst for broader developments and to action an infrastructure hub.

The benefits delivered by the Precinct align strongly with Commonwealth objectives around energy, emissions reduction, sovereign capability / supply chain security, employment and many other initiatives – and of course the Northern Australia development agenda.

Given the breadth of the precinct industries, the NT will need to engage with multiple Commonwealth Ministers and departments / divisions / agencies to garner support and coordinate sources of potential funding. We understand that the Office of Northern Australia is ideally placed – and has a recognised role – to facilitate engagement across Government, which will be important to get the ball rolling on Middle Arm and then maintain the required momentum.

**Suggested timing: Week of 6<sup>th</sup> December 2021, after rising of Commonwealth and NT Parliaments. Speedy progress on Middle Arm will provide tangible, near-term evidence of delivery on policies and commitments.**

I did mention another of Dragoman's projects that may be of interest, being a monthly China briefing. I have attached our most recent update for reference. On the matter of Port of Darwin, we will keep you apprised of the discussion if it evolves.

Please do let me know if there is anything I can do to help you arrange the meeting with the Minister.

Kind regards,

Thos
