# Landgate services

Delivered by the WA Land Information Authority in the Indian Ocean Territories

January 2023

## Services

Landgate, on behalf of – and fully funded by – the Australian Government, delivers a land information base that provides certainty of ownership of all interests in land, together with land boundaries, geographic features, independent and impartial valuation services in support of collection of rates, taxes and management of property assets, plus coordinated capture and access to essential location information about the Territories.

The services provided by Landgate support the economic footing of the Territories.

## What does this mean for me?

Landgate provides a range of services to the Territories communities including:

- Information about land ownership, land boundaries and geographic features
- Valuation services including valuations, stamp duty assessments and valuation rolls
- Access to land and location information, including: titles, property details, valuations, property sales reports, maps, and aerial and satellite imagery.
