

As a viewer of the ABC I have been alarmed at the direction the ABC has taken over the past five (5) years

I know both sides of the population call bias to the right and/or to the left.

However one only has to look at the quality of the ABC in central broadcasting to see that there is indeed a bias to the right

One only has to look at:

1 the number of ex News Corps now employed and featured on the ABC

2 The treatment of Press conferences – we were subjected to every utterance of Morrison for hours on end Yet when it comes to Labor pressers are gone to late, cut off or not covered at all

3 The concentration on LNP MP's 'opinions' on shows like Afternoon Briefing. The Drum features more LNP aligned guests than any from Labor.

*If you don't believe this get someone to fact check the appearance of LNP v's Labor on both of those shows mentioned*

4 During the Morrison Period we rarely heard from any Labor MP's to the point where they ran "no one knows who Albo is" Now we have LNP 'thoughts' headlined interviewed and courted over and over again

5 The direction of the ABC has been pushed to the Right Obvious Lies are not challenged.

6 I am pleased to see Ita Butrose finish her term She has overseen this dismantling of the ABC Charter and it's well past time for her to go

7 So many reputable presenters are quietly 'disappeared' ... Andrew Probyn, Ashleigh Raper, Emma Alberici

8 ABC News is lazy... 'news' goes on a continuous loop all day while other outlets are reporting main events ABC lags behind.

9 We don't need to see Dutton, Hume or Littleproud headlining their negativity as the lead story – again have a look if you don't think that's true

10 Quality shows are disappearing Lateline being a prime example

11 I believe ABC is trying to attract a younger audience... yet they are prepared to lose long time viewers.. a Lose/Lose result.

I want my vibrant up to date unbiased ABC back.

I want a Chair on merit who understands that the ABC is the National Broadcaster and not the Women's Weekly.

I want to hear from the Government not a continual drip feed from the Opposition negatives.

I want a New Corps free ABC – I don't read Murdoch papers & I don't need his 'reporters' forever featured on ABC panel shows

News Corps "Headlines' are Not the story, yet the ABC feature the 'thoughts' of the Australian, The Sun Herald etc rubbish and we see them on Insiders over and over again.

GIVE US BACK OUR ABC free from the continual Overdose of LNP and NewsCorp
