Privacy Setting: I agree for my response to be published with my name and position withheld.

What organisation do you represent? (required)	Lennock Motors Pty Ltd
Please rank the proposed options in order of preference. (optional)	Option A - 0th, Option B - 0th, Option C - 0th
Briefly, what are your reasons for your choice? (optional, 3000 character limit)	I do not support Option A as it involves very little progress, but the pace of change required in Option B sets unrealistic time frames for manufacturers to adapt to.
Do you support the Government's preferred option (Option B)? (optional)	No
Do you have any feedback on the analysis approach and key assumptions used? (optional, 3000 character limit)	NULL
Briefly, describe how the NVES might impact your organisation (optional, 3000 character limit)	We are a family owned business, representing a cross section of 10 new car brands. We employ 300 people and sell approximately 4000 new cars per year. Some of the brands we represent will have absolutely no chance to adapt to the changes in such a small space of time, and will cause chaos for consumers, the industry and employment. Out of 10 brands, I believe that only 1 brand will easily adapt, with the remainder having great difficulty, to the point that some brands simply exiting the Australian market.
Who should the regulated entity be? (optional, 3000 character limit)	NULL
