

Organisation questionnaire response

Privacy Setting: I agree for my response to be published with my name and position.

What organisation do you represent? (required)	Yarra Climate Action Now
What is your name? (required)	Meredith Kefferd
What is your position at the organisation? (required)	director
Please rank the proposed options in order of preference. (optional)	Option A - 1st, Option B - 2nd, Option C - 3rd
Briefly, what are your reasons for your choice? (optional, 3000 character limit)	1. Option A is stronger and recognises that we are in a climate emergency. 2.NVES will stop the worst cars being dumped in Australia and increase the range and availability of BEVs being imported to Australia. 3. Electric vehicles are good for the Australian economy because ALL the fuel purchased is produced in Australia. This is an investment of billions of \$ that would otherwise be exported on foreign fuel 4. It delivers a 40% reduction in petrol costs for the average new car buyer in 2028.
Do you support the Government's preferred option (Option B)? (optional)	Yes
Do you have any feedback on the analysis approach and key assumptions used? (optional, 3000 character limit)	NULL
Briefly, describe how the NVES might impact your organisation (optional, 3000 character limit)	Strong action to avert climate catastrophe is good for al Australians. Yarra Climate Action Now are a community-based organisation who have come together out of concern that politicians are risking our lives. YCAN are keen to avert,unprecedented, climate disasters. Transport is now one of the largest sources of Australia's greenhouse gas emissions and so is one off our key areas to lobby for change in 2024.
Who should the regulated entity be? (optional, 3000 character limit)	NULL

Australian Government

Department of Infrastructure, Transport,
Regional Development, Communications and the Arts
