National Portrait Gallery of Australia

Section 1: Entity overview and resources

1.1 Strategic direction statement

The National Portrait Gallery of Australia (NPGA) aspires to reflect the face of Australia. The NPGA uses portraiture to tell their stories and to increase the understanding and appreciation of the Australian people – their identity, history, culture, creativity and diversity.

The functions of the NPGA are expressed in the *National Portrait Gallery of Australia Act 2012* (the Act), which requires the NPGA to:

- develop, preserve, maintain and promote a national collection of portraits and other works of art.
- develop and engage a national audience for the collection, exhibitions, education, research, publications, and public and online programs.

The Act calls for the NPGA to use every endeavour to make the most advantageous use of the national collection in the national interest.

The NPGA has four strategic priorities, which underpin the fulfilment of its national charter and align with broader government objectives. They are:

- To enliven the collection through acquisitions and commissions that reveal important Australian stories, and enhanced digital interaction of and remote access to the collection.
- To engage audiences through innovative exhibitions, learning programs and visitor experiences, and a creative exhibition-touring program.
- To increase support for the NPGA through its Foundation, Circle of Friends, partners, government and individuals.
- To invest in people and resources, by strengthening the NPGA's financial resilience, supporting our staff, maintaining its iconic building and building relationships, which further the aims of the NPGA.

1.2 Entity resource statement

Table 1.1 shows the total funding from all sources available to NPGA for its operations and to deliver programs and services on behalf of the Government.

The table summarises how resources will be applied by outcome (government strategic policy objectives) and by departmental (for the NPGA's operations) classification.

Information in this table is presented on a resourcing (that is, appropriations/cash available) basis, whilst the 'Budgeted expenses by Outcome 1' tables in Section 2 and the financial statements in Section 3 are presented on an accrual basis.

NPGA is not directly appropriated as it is a corporate Commonwealth entity. Appropriations are made to the Department of Infrastructure, Transport, Regional Development, Communications and the Arts (a non-corporate Commonwealth entity), which are then paid to NPGA and are considered 'departmental' for all purposes.

1.3 Budget measures

There are no new measures relating to the NPGA for the 2022-23 October Budget.

Section 2: Outcomes and planned performance

Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs which contribute to government outcomes over the Budget and forward years.

Each outcome is described below together with its related programs. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

Note:

Performance reporting requirements in the Portfolio Budget Statements are part of the Commonwealth performance framework established by the *Public Governance, Performance and Accountability Act 2013*. It is anticipated that the performance measure described in Portfolio Budget Statements will be read with broader information provided in an entity's corporate plans and annual performance statements – included in Annual Reports – to provide a complete picture of an entity's planned and actual performance.

The most recent Corporate Plan for the NPGA can be found at:

Table 2.1.2: Performance measure for Outcome 1

Table 2.1.2 details the performance measures for each program associated with Outcome 1. It also provides the related key activities as expressed in the current corporate plan where further detail is provided about the delivery of the activities related to the program, the context in which these activities are delivered and how the performance of these activities will be measured. Where relevant, details of 2022-23 Budget measures that have created new programs or materially changed existing programs are provided.

Outcome 1 – Enhanced understanding and appreciation of Australian identity, culture and diversity through portraiture by engaging the public in education programs and exhibitions, and by developing and preserving the national portrait collection		
Program 1.1—Develop, maintain and provide access to Australia’s national portrait collection		
The NPGA houses the national collection of portraits of Australians, reflecting the breadth and energy of Australian culture and endeavour. Subjects in the collection are individuals who have, and who will continue to, shape our nation and define our collective persona. As part of a group of national collecting institutions, the NPGA is unique in its exclusive use of portraiture to explore Australian culture, history, individual achievement and identity. The NPGA provides a forum for the free and respectful discussion of the national identity. We focus on both subject and artist.		
Key Activities	The NPGA program is delivered in the following ways: <ul style="list-style-type: none"> • Through collection development, conservation, management and digitisation • Through on site and travelling exhibitions, education, public and online events which create high levels of engagement and satisfaction • With an increasing level of engagement and collaboration • With a focus on self-generated revenue and private giving, and a commitment to maintain and develop its iconic building.

Section 3: Budgeted financial statements

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of NPGA's finances for the 2022-23 Budget year, including the impact of budget measures and resourcing on financial statements.

3.1 Budgeted financial statements

3.1.1 Explanatory notes and analysis of budgeted financial statements

The NPGA is budgeting for a net cash operating surplus of \$0.6 million in the Budget and forward years that reflects the donations expected to be received by the NPGA Foundation after adjusting for expenses not requiring appropriation in the year.

Expenses not requiring appropriation include:

- depreciation on long-lived assets which is funded in accordance with the NPGA's asset replacement plan
- depreciation related to heritage and cultural assets which is funded through an equity injection.

Budgeted departmental balance sheet

Budgeted investments include donations to the NPGA of approximately \$23 million, which have been accumulated over a number of years. The NPGA's Board is charged with setting the guidelines for the use of these funds.

The remainder of budgeted investments is available to meet liabilities for employee entitlements and to assist in funding future asset purchases.

- (a) The NPGA does not receive funding for its total depreciation expenses on long-lived assets; rather, funding is appropriated based on capital requirements. Also, from 2009-10, the Government replaced Appropriation Bill No. 1 revenue appropriations for the heritage and cultural depreciation expenses of designated Collection Institutions, with a separate capital budget (the Collection Development Acquisition Budget, or CDAB) provided through Appropriation Bill 2 equity appropriations. For information regarding CDABs, please refer to Table 3.5 Departmental Capital Budget Statement. The adjusted result in the budget and forward years reflects donated cash and artworks to the NPGA Foundation.
