

Hi

I am writing to you in response to your advertisement in The Land in regards to the above.

I live in Dubbo only 15kms out of town. Our reception on our telephones is hopeless. Most of the time there is only one bar, plus it drops in and out of reception driving into town. There are parts of our house and other areas of the property that have no reception.

Our NBN was so bad that we had to spend a lot of money to get Orbi installed at both ends of the house at our cost.

I use to do a lot of driving (but now I have had to close down my business - and get no support from the government because of Covid Virus) and the reception between Wellington to Orange is nearly non existent. Especially between Molong and Orange.

Then my Husband drives out to western regional towns from here and there is no reception.

I hope that this email has been helpful in someway.

Kind regards,

Sally
