Subject: Funding for the ABC

I am writing to protest further cuts to Australia's unique ABC. The ABC is one of our most valuable assets. I know of no other country (and I have travelled widely) that has such a comprehensive and free radio coverage. The content is very wide and extremely informative and there are no advertisements to interrupt programs and interfere with the choice of material. Without the ABC we would be a much more ignorant country. The quality of the programming is superior to commercial channels and provides a service of which all Australians should be proud.
