CANBERRA ACT 2601

Dear Sir / Madam

RE: SUBMISSION - 2018 REGIONAL TELECOMMUNICATIONS REVIEW

I write on behalf of our Association and local community regarding the existing continuation of lack of mobile phone service in our area. This is despite in Round 2 Funding a mobile phone tower being erected at Koreelah, which now services Acacia Plateau, Old Koreelah and New Koreelah, but has had no impact on improving the coverage to the village of Legume within a four kilometre radius, or further between Legume and Liston.

Accordingly, we request further testing be done, with a view to erecting another repeater tower in a strategic location to help eliminate these black spots, or perhaps even booster aerials installed on nearby towers.

Thank you for the opportunity to comment.

Yours faithfully

GLEN LAMB
PRESIDENT

President Glen Lamb
Secretary Val Flint
Treasurer Carmel Lamb
