I am a 20 year old filmmaker, cinematographer and editor based in Victoria Australia

Film has been a massive part of my life from a very young age I had a big interest in film production, and when I found out how many great Aussie filmmakers and actors their are I knew what I was here for. To make stories

As a cinematographer my job is to tell stories in a visual manner, it's a one of a kind job and theirs not anything out their like it

If Australia didn't have a film and tv industry an aspect of Australian culture which is one of the most inclusive industries out their will be lost
