

Dear Sirs

Re: Motor Vehicle Standards Act Review

We write in relation to the above matter.

Caravanning Queensland is the industry association in this state representing around 600 businesses. Of these some 200 members are from our Caravan Trade & Industries Association which incorporates manufacturers, dealers, repairers, component suppliers etc.

We support and have had input to the submission forwarded to you by our federal body, the Caravan, RV & Accommodation Industry of Australia (CRVA).

Our association allocates a lot of resources to compliance issues most of which are caused by the inaction of those charged with regulating the law.

Yours faithfully

Ron Chapman
Chief Executive Officer
Caravanning Queensland
