

Submission 1 – MVSA Review 2014

Dear Sir Madam,

How are you going? I was reading up on the Review that you are doing on the United Nations Certifications and rulings and the Australian design rules and certifications.

It is great to see you are considering further harmonization in these areas and I'm sure this may assist your organization being even more efficient.

I am just wondering if this review might include harmonizing with the L2E to L7E category as well.

I know Australia has the L2E to L5E I believe but is not yet harmonized with the L7E

I look forward to hearing from you

Sincerely Steve Turner
